## Seventeen Hurt in P. E. Wreck

### SAN BERNARDINO CAR HITS BROKEN RAIL AT LA VERNE, OVERTURNS

Seventeen persons were injured, only one seriously, when San Bernardino car No. 1210 of a two-car train of the Pacific Electric Railway left the rails near La Verne and, after riding the ties for twenty-five feet, was overturned across the tracks, at 11:45 a. m. last night. R. E. Shirk of San Bernardino was the most seriously hurt, suffering three broken ribs and bruises on the head. The others hurt are:

### CONSUMER CARE FOR.

#### Railroad Commission Wins Point.

Committee Finds That no Defaults Were Entered Against Users.

(BY A. P. NIGHT WIRE.)  
SACRAMENTO, Feb. 1.—Two outstanding developments featured the investigation of the State Railroad Commission here today. The legislative committee conducting the investigation announced, through Senator Inman, its chairman, that it had decided that no "defaults" were entered against consumers, as had been intimated in a recent issue.

The committee found, he said, that the commission did what it could at all times to give consideration to the rights of the consumers, whether or not they were actually present in person or by counsel.

### WILSONIANS SHIFT BURDEN.

Settlement of Jap Problem is Definitely Left for Harding.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, Feb. 1.—Settlement of diplomatic problems with Japan, especially as arising from the enactment by California of anti-Asian ownership legislation, will be postponed until the Harding administration assumes office, it was indicated today by State Department officials.

### Great String of Fish Landed by President-Elect.

(BY A. P. NIGHT WIRE.)  
HARTFORD (Pa.), Feb. 1.—President-elect Harding returned from the Chesapeake fishing grounds today with a phenomenal catch of fish, a formal dinner being given in his honor. The party's yacht Shadow ran into time to permit Mr. Harding to play a game of golf. He was a guest at a farewell dinner given by former Gov. M. T. Durbin.

### BATTLE SLOGAN ALWAYS GOOD.

Doughboy's "Let's Go" Broad, Satisfying, Typically American.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, Feb. 1.—"Let's go" was the chief battle slogan of the American Army in the World War. There were other popular and effective phrases by the troops—"Where do we go from here?" and "When do we eat?" But in the opinion of Col. Edward L. Munson, chief of morals, General Staff, made public today, "for everyday use, in rest or in battle, the slogan 'Let's go' stands foremost; none other seems so typically American, so broad and so satisfying."

### PLIVVERDOM MYSTIFIED.

#### What's the Matter With Henry?

Auto World Puzzled About Reports and Discard in Ford Family.

(EXCLUSIVE DISPATCH.)  
DETROIT (Mich.), Feb. 1.—What is the matter with the Ford Motor Car Company?  
What are the true motives for the wholesale resignations from the organization that has made its product a household word in every nook and cranny of the world?  
What truth is there in the widely published reports that a loan is under negotiation the amount of which is variously reported from \$15,000,000 to \$15,000,000?  
These are questions that are puzzling the entire automobile and financial world. No one appears to know the authentic replies, or at least no one will divulge the information. As is always the case where Ford executives are concerned, there is a complete absence of communication of the facts to the outside world. Scores of newspaper men have vainly attempted to penetrate the veil of secrecy that has surrounded the affairs of the Ford Motor Company since its inception. Men who have been practically kicked out of the organization after years of service shut up like clams or give evasive answers when asked as to the reasons for their resignation.

### GERMAN AFRICAN SHIP PACTS HELD UP.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, Feb. 1.—The Shipping Board is withholding action on agreements between the Hamburg-American line and the American ship and Commerce Corporation and between the North German Lloyd and the United States Mail Steamship Company for the operation of German ships on former German trade routes, pending their revision, Chairman Benson announced tonight.

### COMMISSION IS VINDICATED

Investigating Body Finds the Charge of Favoritism is Unfounded.

(EXCLUSIVE DISPATCH.)  
SACRAMENTO, Feb. 1.—No rates have been fixed by the California Railroad Commission "by default," according to the statement of Senator Inman, chairman of the joint committee of the Senate and Assembly which is now investigating the transactions of the Railroad Commission. Senator Inman stated in the hearing this morning that it was well established that there would be no further inquiry along that line.

### NEW POSTAL RATES TO SOUTH AMERICA.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, Feb. 1.—Effective today, domestic postage rates, including the two-cent letter charge, are applicable to first and second class matter between the United States and Bolivia, Colombia, Honduras, Nicaragua and Peru, the Postoffice Department announced.

# Gov. Stephens in Tax Drive Sheds Little Light on State Finances.

## INDULGES IN GENERALITIES.

### Appeals to Emotions of State Taxpayers.

### Real Facts Few and Far Between in Speech.

### Not a Word Said Regarding Retrenchment.

BY KYLE PALMER.

(KYLE PALMER'S COLUMN.)

STOCKTON, Feb. 1.—Loaded with frequent references to what he was pleased to term an omnipresent corporation lobby and repeatedly voicing his conviction that the people of California are a great people, but otherwise shedding little light upon state finances and tax matters, Gov. Stephens sought support in Stockton tonight for his State-wide tax drive.

The generalities indulged in at Oakland last night by the Governor and his tax urging aide, Clyde L. Seavey, of the Board of Control, seemed the usual statements of speakers for their main batteries here.

The Governor, however, did find another reason for increasing the taxes of public utility corporations. He discovered that the astounding stockholders that "the real story" we have been too kindly to those corporations.

APPEAL TO EMOTIONS.

And again, and again, as in Oakland, the Governor and other administration speakers appealed rather to the emotions of the taxpayers than to cold reason and common sense. When other means failed in attempts to inspire enthusiasm, applause could be elicited by an emotional appeal to the citizens to indicate whether or not they proposed to be governed by the corporations.

Real facts as to the method of arriving at tax figures were not offered. True, such facts were not demanded by those who listened politely to the heated babbling of corporations. Statisticians were quoted and relied on without hesitation by various speakers, yet not a word was said that could be interpreted as indicating a desire to save money. In fact, it might be said that speakers wanted scornful when such obvious matters as economy and retrenchment were touched upon.

A gist of the Governor's remarks in the following quotation: "It is our purpose to make clear to the people what great injustices are being attempted upon them. This is the age-old conflict between the special interests and the people. The old, old story of great wealth seeking special privileges. In this instance the special privilege being sought is evasion of a just contribution of taxes."

But there is another view of this situation. It is shared by many and is expressed somewhat forcibly by a well-known citizen of the State who foresees the administration fold when political expediency supersedes ordinary business procedure. Even the most fervent administration adherent might well hesitate

before hurling the charge of "corporate influence" at this man. He is Senator Arthur H. Breed of Oakland, president pro tem of the State Senate, regarded hitherto as one of the strongest men in the Stephens administration.

Senator Breed was among those who listened to the remarks of Governor Stephens and Seavey in Oakland last night. Assemblymen Brooks and Hurley of Alameda also were present.

Senator Breed today concluded a dispassionate analysis of last night's meeting as follows:

NO FAIRNESS IN CLAIM. "From every standpoint, therefore, it is preposterous to claim that any care or science has been used in arriving at the new proposed tax rate. There is no justice in it, no fairness in it and no sense to it."

The Oakland Senator also took occasion to fairly certain statements made by Seavey. Assemblyman Brooks said, among other things: "I have always been open to conviction and am still willing to be convinced. Yet the Governor made scarcely any statement to which even the opponents of the bill could not agree without in any way weakening their position. The real issues have not been discussed sufficiently for the public at large to grasp them."

As for Assemblyman Hurley, who asserted today that the Governor's Oakland audience consisted of 150 city and county employees of Oakland and Alameda county, fifty corporation representatives and fifteen "ordinary citizens," his laconic comment was less inclined to reflect a due regard for patience.

POLITICAL BUNK. "Political bunk," said Hurley. The Governor, who obviously has added heavily to his entourage for the purpose of ready reference, frankly disclaimed a knowledge of the tax question.

"But I do think," he added, "that I know right from wrong." During the particularly strenuous denunciation of the corporations, Seavey, who seemed to suffer from the obsession that the public utilities are trying to take advantage in some outrageous fashion of the State's orphan and half orphan, asserted:

"First, I wish to emphasize the fact that if the corporations don't pay their just proportion of the taxes as determined by the tax officials of the State and by your legislative committee sitting three weeks upon the matter at Sacramento, that it means that the people in the different counties and cities of this State will pay."

Hear Senator Breed on this point: "Although it was idle talk from the standpoint of the merits of the situation, we all agree, every good citizen, that the people of California do not wish to be governed by the corporations. There is no danger of any such attempt on the part of the corporations."

NO CONSIDERATION. "But as regards the statement of Seavey that the legislative committee took three weeks to consider this corporation tax matter, I absolutely and emphatically disagree with him. Practically there was no consideration given to the presentation of the corporation side of this question."

"We met one evening at 8 o'clock and adjourned at 1:30 the next morning. The next day at 11 o'clock we went into session and the tax rate was fixed."

Further commenting upon his impressions of the Oakland meeting, Senator Breed said:

"They did not get down to brass tacks. They did not discuss the merits of the case. We all can agree with them that taxes should

be equalized, that the public service corporation tax should be the same as that paid by the private taxpayer. They have figured out that the tax of the private citizen has increased 24 per cent in the last four years. Therefore, they argue, the public service corporation tax should be raised horizontally to meet the other increase."

SCHEME FOR REVENUE. "That's where I part company with them. I absolutely disagree with their claim that the proposed increase in taxes paid by public utilities is an equalization proposition. As I see it, it is a scheme merely to produce a given amount of revenue. It is a coincidence that the so-called \$14,000,000 deficit is exactly met by this equalization plan."

"One of their intimate friends, who apparently failed to get the fine points of the generalization dealt last night, said to me: 'I don't understand that this is an equalization matter at all, as I understand it, we simply have to have some more money.'"

We ought to take each class of taxpayer and consider his case, the value of his property and then apply a rate of taxation to the corporation that is applied to the private taxpayer."

ONE VITAL FACT. Seavey contributed one vital fact to the public mind, when, after repeatedly shouting: "I don't think so," to self-imposed questions as to the likelihood of the people demanding specific economies, he announced that the proposed reorganization, consolidation and retrenchment program may save the people \$1,000,000 of the more than \$1,000,000 proposed to be spent during the next two years.

He embraced an opportunity to attack the "Taxpayers' association" of California, asserting that Will H. Fisher, tax expert, who drew up the real governmental reorganization measure introduced during the first half of the forty-fourth session, is denounced by the corporations.

Careful reading of a transcript of his address leaves the impression that the member of the State Board of Control has taken heart from the fact that the corporations, having lost millions of dollars during the last few years without being forced into bankruptcy, are still able to take punishment in the form of huge tax increases.

The entire administration process of reasoning is based on the claim that regardless of the justice or fairness of taxes imposed by cities and counties throughout the State, corporation taxes must be raised correspondingly.

Actual adoption of such a program might well find the cities and the State in a mad race to see which could the fastest increase tax burden. The third chapter of the tax drive in Sacramento tomorrow night.

SPEAKS AGAINST BILL. (LOCAL CORRESPONDENCE.) SANTA MONICA, Feb. 1.—A. A. Weber, Assemblyman from the district, speaking tonight on the King bill, under the auspices of the public affairs section of Santa Monica Bay Woman's Club, said: "The Legislature is considering a big cut in the cost of State expenses, obviously it would be unwise to impose a tax on the people now when it is harder than ever to raise money for governmental expenditure is to be decreased; for in spite of the cries of the administration, the corporations against the people, most of the burden will be paid by the people. It is true, corporations will be taxed, but the past teaches us that corporations will simply raise their

rates, which are now as high as the people can stand. Expenses of the State government are mounting and a permanent demand exists for a cut. It is against the principles of the State to rush a bill through as the administration has attempted to do with this one. I am not necessarily against a corporation tax, but I desire the opportunity to weigh it carefully as every intelligent right-minded man and woman has a right to do."

PRESIDENT AT THE THEATER. (Continued from First Page.)

White House. The end of the first act saw no diminution in the feeling of surprise and interest in the visitor.

The President and his party, which included Mrs. Wilson's brother, John Bolling, appeared unexpectedly at a performance of John Drinkwater's "Abraham Lincoln," having entered through a stage door. As the President went to one of the lower boxes he was recognized by the audience, which rose and cheered. Mr. Wilson responded by bowing.

The President did not arise until the final curtain and then was aided to his feet by Mr. Bolling. The audience cheered and he again bowed. He seemed to have suffered no ill effects from the brief exposure to the damp air.

GERMANS REFUSE ALLIES' TERMS. (Continued from First Page.)

dent Ebert, presiding this cabinet crisis was narrowly averted. DELEGATES REMAIN. (BY CABLE AND ASSOCIATED PRESS.) PARIS, Feb. 1.—The fact that the German delegates to the Brussels conference of financial and economic experts are remaining in Paris and continuing their consultations with the French government, has been taken in political quarters here to mean that Germany is willing to accept the decisions of the Allies regarding reparations as a basis for discussion, notwithstanding the comment which is coming from Berlin, giving the idea that the disposition there is to reject the plan.

One of the most important questions to be settled relates to the sort of articles and products the Allies will be willing to take for German reparations payments in kind. The French delegation, it is foreseen, will raise any further chances in the plan of payments, but is disposed to consider any other means by which the economic prosperity of Europe, including Germany, can be aided.

ROBBERS TAKE EVERYTHING. (BY A. P. NIGHT WIRE.) SAN FRANCISCO, Feb. 1.—A highwayman boarded the automobile of Walter F. Rose, collector for a realty firm, here today, forced Rose to drive to a secluded district and there robbed him of about \$100 in cash and the automobile. Rose reported to the police.

Capt. King was on the staff of Commissioner Smyth, divisional commander of the Royal Irish Constabulary for Munster, when Smyth was murdered in the Cork County Club, last July.

A railway man said repeated volleys were fired at the station platform for a long time, during which they were compelled to keep their hands raised. Then they were marched off, being told they must go to the barracks.

"We had not gone far," the man added, "before a volley was fired. Men were wounded. We ran to a turn in the road and then scattered to seek shelter. The firing continued, but there was no pursuit."

SHIFT BURDEN ON HARDING. COMMISSION VINDICATED. (Continued from First Page.)

ing every effort within its power to protect consumers. The trouble, however, seemed to be that the commission is handicapped by lack of facilities sufficiently intensive to enable the commission to handle the enormous volume of work in the utility field. He said further that the suggestion had been made that the commission be provided with means to establish bureaus throughout the State to get the viewpoint of the consumers and keep closer inspection of utility service.

Senator Inman has frequently pleaded with those present to protect "the plain people," who sometimes say harsh things of the commission and who also frequently misunderstand the commission's attitude on the part of Inman brought out the interesting fact that he is in the office for a reason. He is undecided whether to seek Congress in this district or to try for Secretary of State—probably the latter, as he is well known in the district.

NINE WITNESSES HEARD. So far nine witnesses have appeared before the committee during the two days' sessions. Of these one was a voluntary witness for the commission and eight were critics. It was of the eight, one expressed his complete satisfaction with the commission's work. The remainder complained of power and water shortages and discrimination, mostly in the Elk Grove, Dixon and Wyandott regions, in five cases complaints had not previously been made to the Railroad Commission and they were promised immediate attention.

The one who appeared for the commission was George J. Bradley, manager of the Sacramento Wholesale Grocers' Association. He testified that he was in the commission and was working from 1911 on, and that it compared favorably with the Interstate Commerce Commission.

"It is a body absolutely free from politics," said he, when it was suggested that it might be well to elect "Such a step would be backward," he added.

PEOPLE NOT FAMILIAR. The real trouble, he said, was that the people did not understand the functioning of the commission and that if the people did know they would utilize its services more than now. He presented a strong resolution from the California Wholesale Grocers' Association, which said:

"We deprecate criticism brought to bear on the California Railroad Commission and express confidence in the impartial examination must extricate it therefrom and demonstrate its able and honorable discharge of duty."

Bradley is one of the best informed shipping, industrial and agricultural experts in the Sacramento Valley. While much was brought out to sustain the commission, there was also much testimony from the commission's critics. The commission of control—railroads, street cars, gas, water and electric utilities and all—the commission was too removed from contact with the common situations wherein they thought something was wrong, spoke for groups of different districts. Their point was that when water or power was prorated under the orders of the commission, the consumers were compelled to pay for amounts they never received. Their viewpoint was that if the farmer and the orchardist had to lose during drought they alone should not bear the loss. The utility, they thought, should bear some.

LOCAL AGENCIES. To bring the commission and the consumers closer together, the commission, Senator Inman, speaking for the committee, said there should be established some agency in each locality where the density of consumption justified it, to which the consumers could place their complaints and be sure that they would be pressed to action. This, he said, in spite of the fact that perhaps a letter written to the commission would produce the same result.

But, you know," said Inman, "the consumers, particularly in the rural districts, do not know how to approach such a thing without the aid of a lawyer, which means expense, and hence they do not write at all."

The commission stated that it would welcome any suggestion from any source as to how to get in closer touch with the consumers. It would reach the survey of the point of view of every utility of the 800 in the State.

TESTIMONY GARBLED. Following up, Inman said he believed his own gas bill was about 50 cents a month too high. If it was typical of all the consumers of the company he dealt with, it meant a great amount of money to the company. Whereupon, a news agency circulated the report that the company had mulcted the consumers of \$200,000, according to testimony, though there was no testimony of that sort.

The committee ended its Sacramento Valley hearing today, and will return to the rooms of the Railroad Commission at San Francisco tomorrow and Thursday. Friday it will be at Stockton. It has been decided to keep the schedule down the San Joaquin Valley and in Los Angeles and perhaps later have a final session at the Railroad Commission rooms at San Francisco, where the municipal city attorneys can have their innings.

JIM CROW LAWSUIT WILL BE CARRIED UP. (BY A. P. NIGHT WIRE.) NASHVILLE (Tenn.) Los Banos Jail Surrounded by Angry Citizens; Suspect Well Guarded.

FRESNO, Feb. 1.—A mob of over 100 citizens has gathered in the vicinity of the Los Banos City Jail early this evening, according to word received here from City Marshal G. W. Carlin of Los Banos. Six of the mob, including several deputy sheriffs from Merced county, are inside the jail guarding W. E. Drake, who has been arrested as a suspect in the killing of Night Policeman Frank Real.

Carlin stated that he feared an attempt might be made tonight to remove the prisoner, and that he was using every precaution within his power to prevent mob violence. The crowd was being scattered as fast as officers could be used. Groups gathered in all parts of the small community, he said.

Drake, who is a roofer by trade, and who claims he is the son of a wealthy Oakland family, was arrested near the Jim Wright ranch at Los Banos after he had impersonated a member of the posse. At the time of his arrest, a rifle of the same description and caliber as that used by the murderer was found in his possession, officers said.

Real was killed Sunday when a masked bandit entered a pool hall, and, after ordering all to throw up their hands, shot. Real, who was armed, failed to heed the command. The bandit then obtained \$400 in cash and some merchandise and fled.

Will Consistory Give America New Cardinal?

ROME, Feb. 1.—"Will there be new American cardinals?" is the query circulating in the Vatican world, especially since it has been learned that Archbishop P. J. Hayes of New York has landed at Naples and is to be received by the Pope himself. The archbishop is understood to have with him for presentation to the pontiff an important report from America.

It now seems definitely settled that the next consistory will be held in Rome and a considerable number of cardinals will be created. By some it is believed that one new cardinal will be American. Others think that perhaps more than one cardinal will be nominated in view of the constant growth of the Catholic church in the United States.

NATION-WIDE WAGE SLASH IS RUMOR. (EXCLUSIVE DISPATCH.) NEW YORK, Feb. 1.—The Standard Oil Company is to cut wages of all employees ten per cent in all parts of the United States, according to information which reaches workers at the Bayonne and Bay West (Elizabeth) plants today.

An effort was made to reach general officials of the companies in New York today, but in every instance it was said that the officer for whom inquiry was made was out of town.

OPEN NEW ERA IN AIR TRAVELING. Successful Testing of New Engines Brings Claims of Possible Cross-Atlantic Trip

LONDON, Feb. 1.—The successful testing of a 1000-horsepower engine, said to be the most powerful known, has opened up claims by experts of the possibility of a regular London-New York aerial service in a passenger within twenty-four hours either direct or by changing aircraft at the Azores.

It is being recalled that Capt. John Alcock in 1919 flew from New Foundland to Ireland in less than fifteen hours, and that a two 315-horsepower engines. The new engine is called "the cub." It is ordered by the Royal Air Force to be used in the "cub" which is a flying boat, a type of aircraft which is to be used in the distance. It is to be equipped with two "cubs" and have a range of 1500 miles. For war time the cub will number ten and for civilian use the craft can accommodate fifty passengers.

The "cub's" eighteen cylinders are twenty-two inches, 1927 horsepower is but one inch last year. The engine weighs nearly a ton and cost about \$10,000.

Advance Thinking Begun on Golf Championship.

Burl Armstrong Speaks About Municipal Links.

BY PAUL LOWRY.  
If the 1921 Southern California open golf championship winds up in the hectic flurry of excitement that attended last year's, the guy who goes home without any thrills tickling his vertebrae is as immune to emotion as Mrs. Potts, the enigma woman.

Imagine last year's situation. MacDonald-Smith and John Black arrived in strokes when they drove for the eighteenth hole. Each man lands on the green in two. Black lays his ball dead for a "4". MacDonald-Smith decides to take a chance. Amid dead silence he measures his shot.

He strokes the ball. It over-reaches the hole. He has lost his chance for victory. He puts again and misses. It takes him six strokes to sink the elusive gutta-percha pellet. Black taps his in the cup, winning the championship and first prize money with a medal score of 289. MacDonald-Smith is second with 301.

Considerable advance thinking has already been devoted to the probable winning score this year. Most of the sharps and near-sharps figure that a 274 will about hit the mark. That means shooting two rounds of 74, or per, for the Los Angeles Country Club course, and a couple of rounds one stroke under par.

Each pro is inwardly praying and outwardly hoping that he will be the lucky mortal to draw some classy amateur like Dr. Paul Hunter or "Scotty" Armstrong as a partner over the first thirty-six holes. Each has figured it out that the gink who shoots around with the topnotch amateur will have the best score himself. Playing with a duffer is something that the good pros shun. It holds up his own game.

Blasted Concrete at Chutes Park Discloses Weird Bunch of Antiques.

BY HARRY A. WILLIAMS.

Baseball folks at Washington Park are engaged in a handicap burlesque race against time, and at this writing are about two jumps behind their inexorable opponent.

The problem confronting them is to get the grand stand and bleachers in place, the box office open and the grass to growing before April 5, when Seattle opens here with Los Angeles.

PLAY AT VERNON.  
A baseball man, who claims to know a thing or two about the raising of grand stands and the raising of grass, offered the prediction yesterday that the place will not be in shape for the opening, and that the Angels and Stewashes will do their first week of playing at Vernon.

To an outsider it does look that the horny handed sons of toil doing this job haven't much more chance than a set of false teeth against a bowl of butter scotch.

But it is the uncertainty of the thing which makes it a contest, and where there is no contest there isn't any sport, not even in moving a baseball plant.

UP BY ROOTS.  
It is admitted by all that the work should have been started sooner, that the stands and bleachers should have been pulled up by the roots last summer instead of waiting for the spring rains to soften the ground, and make the pulling easier, and yet there are a few sunny, optimistic

## ELKS TO TAKE WHIRL AT GOLF.

Bay City Lodge is Promoting Tourney at Del Monte.

Event Takes on Aspect of a State Championship.

Large Turnout Expected for Pebble Beach Event.

**DEL MONTE, Feb. 1.**—The Elks of the State are turning their attention from lodge matters to the links these days in anticipation of the big tournament, which is scheduled at Del Monte on February 12 and 13, which takes in Lincoln's birthday holiday.

San Francisco Lodge No. 3 is promoting the tournament and invitations have been extended to members of lodges throughout the State. It is expected that the event will take on the aspect of a State championship for Elks golfers. J. J. Flattery, chairman of the committee in charge of arrangements, is counting on having 150 players tee off. The seaside course at Pebble Beach has been selected as the scene of the play.

The Pebble Beach gold golf vase is attracting a number of entries out of State golfers. The event will get under way on February 12 with a qualifying round of eighteen holes. The players with the lowest gross score will be declared the winner of the vase. There will be match round play on Sunday, Monday and Tuesday with the finish on Washington's birthday. A special eighteen-hole handicap medal competition will take place on the Del Monte course on Sunday, February 20.

The Pacific Coast division of the Electrical Jobbers' Association, held a very interesting golf tournament at Del Monte over the week-end. Among the winners were C. C. Hillis, gross score 84; C. G. Gauntlett, 116-40-75; C. B. Hawley, 107-30-77; H. D. Randall, 87-18-69; H. E. Saunders, 85-30-73; G. A. Boring, 108-35-73. The electrical jobbers stage these tournaments at Del Monte every three months and some good players are being developed.

The list being circulated to help in the movement to raise funds to send professional golfers to England this season is meeting with encouragement at Del Monte. Peter Hay, who is doing the collecting, is confident of getting a goodly sum together.

Miss Marian Hollins, the well-known woman star of the East, has arrived at Pebble Beach. She has been playing with Mrs. William Van Antwerp (Edith Chesbrough) and has been impressed with the improvements made on the new seaside course. Miss Hollins intends making an extended stay at Pebble Beach and Del Monte and may be seen in some of the competitions.

Rodger D. Lapham, president of the California Golf Association, has purchased a home site at Pebble Beach and intends building and spending much of his time there. A number of high-class golfers are located at Pebble Beach, which will shortly be the center of quite a colony of experts.

## Ask Receiver for Noted Stallion Thoroughbred.

**(BY A. P. NIGHT WIRE)**  
**NEW YORK, Feb. 1.**—Argument in a suit for ownership of the noted thoroughbred stallion, Friar Rock, in which appointment of a receiver for the horse was asked, was on the Supreme Court calendar here today.

The suit was filed by John E. Madden, owner of a breeding establishment at Lexington, Ky., against John E. Roser, owner of Santa Anita, in which it is said to be the first action of its kind instituted in this state.

Mr. Madden, who paid August Belmont \$50,000 for Friar Rock after he had won the Brooklyn and Suburban handicaps in 1916 as a 3-year-old, declared he subsequently sold a half-interest in the horse to Mr. Roser under conditions by which the latter failed to abide.

The Kentuckyian requested a peremptory writ of mandate calling upon Roser to return the horse from California to Kentucky for breeding purposes as stipulated in a contract. Friar Rock, Madden asserted, was to stand in California in 1919-20 and then be shipped to Kentucky for two seasons.

giving him no competition on driving, midiron, mashie or any other kind of shots.

**IN ONE HAT.**

As has been the custom in the past, the names of the pros are put in one hat and the names of the amateurs in the other hat. A slip bearing the name of a pro and one bearing the name of an amateur are pulled out. The two play the first thirty-six holes together.

This drawing will be made on Friday night at the meeting of the Southern California Professional Golfers' Association at Spaulding's.

Come one Burl Armstrong to the front with a statement of just what the city has done for the Griffith Park municipal links.

Back in 1915-16 the Council contributed a bit of money for the benefit of the city's bally winners, but since then has allowed the most to grow on its judicial back as far as the city links are concerned. At that time the sum of \$22,000 was given for the construction of the field house.

The players themselves since that time have collected in fees, and spent about \$75,000 in maintenance, improvement and other expenses. It is proposed to lay out and construct in the near future three eighteen-hole grass-green courses. The money for the purpose must come from the fund on hand—about \$12,000—and that rolling in each month from the fees, etc. It will cost about \$25,000 to construct one eighteen-hole grass-green course.

What a wonderful chance for the city to put its shoulder to the wheel and make a real municipal link out of the thing rather than one in name only. Los Angeles is the golf mecca of America. Why not put it in the line with the best municipal course in the country?

Did you ever wonder how many golf balls are consumed in Los Angeles in a single month? The question isn't going to be answered here. But here's what one gentleman who caters for the trade, C. P. Kemp by name, tells us is his standing order for one month of a certain brand.

Five hundred dozen balls of a single brand. We glimpsed his order going through for 1920 dozen for the months of February and March. This particular brand of ball is popular, but so are others. Figure up the five hundred dozen that are used each month and you may gain an idea of the tremendous hold that golf has on the populace here in the South.

Quite keen and exciting were the ball sweepstakes match play against par at the Midwick Country Club last Saturday. A large entry list of the hopefuls turned out for the fun and pros Chick Fraser and Jack Malley had their hands full.

Dr. Guy Cochran competed first with a score of 2 down to par. There was a tie for second, Dr. Dudley Fulton and P. H. Knapstick, followed by a dead heat, 3 down to par.

through which the various yacht clubs in those waters acted as one unit in the conduct of races and the promotion of yachting in general.

He stated that at a meeting of yachtsmen held two weeks ago at San Francisco, the yacht clubs of the Bay City had decided to organize a similar association to the one on Puget Sound, and he urged that the clubs of Southern California form an association along the same lines, not only for the purpose of more successfully conducting their own interclub regattas, but also to form a basis for cooperation with the yachtsmen of Puget Sound and San Francisco Bay.

**IS APPROVED.**  
The idea met with unanimous approval, and upon the motion of ex-Commodore Hubert T. Morrow of the Los Angeles Yacht Club, a committee was appointed consisting of ex-Commodore Albert Rolland of the Newport Harbor Yacht Club, chairman, ex-Commodore Hubert T. Morrow of the Los Angeles Yacht Club, and Commodore Dustin Larmon of the Los Angeles Motor Boat Club, to take up with the clubs of Los Angeles and San Diego, the matter of perfecting an interclub organization and the promotion of a big annual regatta in Southern California.

The Seattle Yachtsmen assured the local men that a big annual regatta in these waters would receive the support and co-operation of yachtsmen all along the coast and promised their best assistance in getting both sail and power boats from Puget Sound, British Columbia and the Columbia River to come down and enter the Southern California races. In turn they asked the co-operation of the Los Angeles yachtsmen in making their big international regatta on Puget Sound a success next July.

**MANY PRESENT.**  
Those present at the dinner yesterday were: Herbert L. Cornish, Newport Harbor Yacht Club; Charles E. W. Hubbell, secretary Los Angeles Yacht Club; Claude G. Putnam, Commodore Newport Harbor Yacht Club; Morgan Adams, Los Angeles Yacht Club; E. R. Abbott, secretary Los Angeles Motor Boat Club; H. T. Morrow, ex-Commodore Los Angeles Yacht Club; Walter M. ## GERMAN CHESS CHAMP PEEVED.

Dr. Lasker is Refused Permit to Visit U.S.A.

Wants to Come Over and Play J. Capablanca.

Thinks Chess World Has been Unsportsmanlike.

**(BY CABLE AND ASSOCIATED PRESS)**  
**BERLIN, Feb. 1.**—The American State Department has not given Dr. Emanuel Lasker, the world's chess champion, a visa for his proposed trip to New York and Cuba to meet Jose Capablanca, Cuban chess master. Dr. Lasker's first application for permission to enter the United States was refused at Washington. The application set forth that his intention was "to visit chess clubs in the United States." It failed to specify that the primary purpose was to meet Capablanca in a championship match at Havana.

Dr. Lasker informed the Associated Press that his trip was in abeyance, owing to the State Department's refusal to issue a visa for himself and his wife. He doubted that the match would begin on March 10.

The proposed match is creating considerable interest in chess circles, although these share the disappointment said to be felt by Lasker at what he considers "the unsportsmanlike attitude of the chess world abroad, which was manifested during the preliminary negotiations. Friends declare that in this his master's dignity" was wounded. Lasker finds plenty of supporters here who are confident he will be able to stand off all comers.

scenery, they can play pinocle un interrupted.

**CEMENT BUGBEAR.**  
What has them all supposed is something worse than pulling stumps, to wit: the inlaid blocks of cement and iron forming the foundation of the old Chutes Park, which must be eradicated from the infield and outfield. This requires time and toil—the time is short, and most of us prefer to toll the same way.

Those excavations on the site of the ancient Chutes, which flourished in the days of Dummy Kinn, have a Babylonian flavor. Yesterday, the steam shovel uncovered one of Henry's hats of the vintage of 1899. It was one of Henry's favorite Heavens, and the one on it had grown during the elapsing years. The next shovelful brought up Jim Morley's lost-top opal stickpin, followed by a shoe belonging to Eddie Householder. What was thought to miserably be a round stone, proved on closer examination to be the ball, which Truck Egan knocked over the left centerfield fence into the Chutes Park pond, where it was given up for lost.

**OLD DOUGHBELLY.**  
The steam shovel also resurrected a small slab with hieroglyphics on it. Scientists, after examining the hieroglyphics, pronounced them the battie average of Royce Park. Many baseball men are inclined to doubt this, claiming that Roy had no batting average. H. H. King, his son, however, is inclined to string with the scientists. He always use a similar argument when he vindicate him.

There was some delay when the steam shovel became entangled in a few wisps of whiskers from a bearded lady, which she shed along with some tears when the Chutes went out of business.

**GLAD TO GET AID.**  
Right after that there was a loud explosion from a hole opened by the steam shovel. Many thought the shovel had penetrated to the Chutes shooting gallery, but it proved to be only some imprisoned remarks dropped by Ham Patterson, which seemed glad to get the air. Ham's remarks were back-fires after many years, and Red Heid, told Ham to get out of the park through force of habit. Thus we are reminded that there was the good old days.

Unless the steam gives out, it is expected there will be other interesting relics exhumed from time to time.

**ON TO ELISINORE.**  
Boots Weber, secretary of the Angels, is back from Elsinore, and has a few words to say for or that place. He engaged a hotel for the athletes to live in during the regatta, and the hotel is now draining ball park into the side of Mr. Ararat. He says that he never saw the park in better shape. By this he probably means that all the old familiar landmarks are still in the outfield. If they ever grub those trees out of left field Rube Ellis will feel like one of the lost children in the woods; except that there won't be any woods.

**UP WITH TREES.**  
For many springs now Rube has been growing up with those trees. Hank, the retired and opulent telegrapher, even claims that Rube planted the trees in the first place, by way of picking out a shady spot for himself in advance before there was any there.

What took Mr. Weber to Elsinore in the first place was the report that there had been a land boom there which had broken the ball field up into building lots. He found the town growing rapidly, but the ball grounds intact. It will probably be a year yet before the town is taking the ball grounds apart and surveying a tree-lined boulevard down to second base.

## RESCUE

### BATTERY TEMPERATURE CONTROLLER

Have RESCUE Installed Today Before You Ruin Your Battery

ASK any battery man what the real cause of practically all premature battery failures is and he will tell you *Overheating*. And he can show you any number of cases where this enemy of all batteries has wrought its destruction.

Start now to protect yourself against future battery troubles by having RESCUE installed today. Don't wait until your present battery is ruined and you are compelled to buy a new one.

RESCUE is real battery insurance because it not only warns you when your battery is in danger but also provides the remedy. RESCUE gives you, and it is the only device on the market that does, absolute control over your battery temperature.

RESCUE is no experiment but decidedly practical. This is evident from the endorsement RESCUE has received from battery men everywhere.

With RESCUE all guessing is eliminated—you know what the condition of your battery is and when to give it attention. RESCUE keeps your battery in a normal and healthy condition at all times. Thus your battery is always full of life and it renders you the service the manufacturer intended you should get. We know how enthusiastic other car owners are when they see RESCUE actually work. You will be equally enthusiastic after a visit to our Los Angeles Branch where we will be glad to demonstrate and explain RESCUE.

Dealers—garages and battery service stations are also prepared to supply you information or make the installation of RESCUE in about one hour's time.

Write for our booklet "What Would You Do If This Happened To You?" giving names of your dealer.

## 19 Days of Lower Prices

HARRIS & FRANK was the first clothing store in Los Angeles to lower clothing prices. Way back last August when the first inkling came from the Eastern manufacturing centers that there would be a break in prices, HARRIS & FRANK took time by the forelock and immediately instituted a twenty percent reduction sale, thereby saving thousands of dollars for the clothes' wearers of Los Angeles.

Then, as unsettled conditions continued, and with new goods arriving daily, we gave our patrons the benefit of every break and reduced our prices in accordance.

The time has now arrived when the adjustment period is practically over, and in our opinion, the level for good, reliable, honest clothing has been reached.

This is inventory time with us and we still find ourselves with a number of fine, high grade suits and overcoats on hand—To be exact there are

1887 high grade hand tailored suits  
1436 high grade hand tailored overcoats

These garments are the product of such well known makers as Stein Bloch Co., L. Adler Bros. Co., Cohn Rissman Stratford Clothes, Hirsh Wickwire & Co., Michaels Stern & Co., Burberrys and Studd & Millington of London. We have decided to dispose of this merchandise quickly, so---for a final finish and return to normalcy, we have grouped these suits and overcoats as follows:

Up to \$50	\$60 to \$65	\$70 to \$75	\$80 to \$95
suits and overcoats	suits and overcoats	suits and overcoats	suits and overcoats
<b>\$32.50</b>	<b>\$37.50</b>	<b>\$47.50</b>	<b>\$58.50</b>

To those who need to replenish their furnishings, hats and shoes, or the many articles of apparel in our splendid Boys' Department, we wish to announce that we have made similar attractive price reductions throughout.

## TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night.

Any breaking out of the skin, even itchy, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

Jail. Those succeeding in escaping regrouped in Paris and formed "the Russian constituent assembly," which adopted resolutions containing these provisions:

### PRINCIPLE OF LIBERTY.

(1.) A declaration of the principle of the liberty of the Russian people in opposition to Bolshevik rule.

(2.) Refusal to recognize any and all treaties, including commercial agreements, entered upon with the Bolsheviks and Washington D. C. (This would entail repudiation of the agreement between the Bolsheviks and the United States government, which was signed in London, headed by Vanderlip, which granted large concessions in Siberia.)

(3.) The assembly is against armed intervention in Russian affairs. It favors commercial relations between individuals in Russia and other countries, but not with the Bolshevik government, and also favors lifting of the blockade.

(4.) The assembly is against dismemberment of Russia and the secession from Russia of any of its former provinces.

### EXPRESS GRATITUDE.

In connection with the fourth clause, the constituent assembly inserted an expression of profound gratitude to the United States for the aid it has taken on the foregoing question and referred especially to the note of Secretary of State Coby on Aug. 10, 1920, in which he said the United States government was opposed to any dismemberment of Russia.

A permanent executive committee was appointed to draw up resolutions to present to the Allied governments. This committee includes members of the Socialist, Comstock and Free Russian parties who claim not only were elected by the Russian people in Russia, but they represent from 1,500,000 to 2,000,000 Russian cities and refugees. They will ask the governments to fix the status of those refugees who are disseminated throughout Europe, and more especially in France.

### PROTEST OCCUPATION.

NEW YORK, Feb. 1.—A resolution directed against Japan's occupation of Vladivostok and Eastern Siberia was adopted today at the conference in Paris of the elements opposed to Bolshevism, according to a cable message made public tonight by A. J. Beck, director of the Russian information bureau.

The resolution, while not specifying Japan by name, says "the conference in Paris of the elements opposed to Bolshevism, according to a cable message made public tonight by A. J. Beck, director of the Russian information bureau."

## WASHINGTON NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Feb. 1.—The Senate Naval Affairs Committee made it plain today that no sympathy was felt for the Borah resolution calling off naval construction for six months.

Negotiations looking toward an agreement between this country and Japan are being conducted with due deliberation, say State Department officials, and no settlement will be made during this administration.

Financial experts are studying carefully the reparations agreement of the Allied powers to determine whether any formal expressions are required from this government.

Further charges in regard to the conduct of the Red raids by Atty-Gen. Palmer were made today before the Senate Judiciary Committee.

Wool growers told the House Ways and Means Committee that, unless protection is given the industry against imports from Australia and New Zealand, the sheep-raising industry will be ruined.

Officers of rival farm organizations assailed the American Farm Bureau Federation before the House Committee on Banking and Currency.

The Shipping Board has lost more than \$2,500,000 monthly in the operation of ships since September 1, according to a statement of the controller of the board to the House Appropriations Committee. The committee refused to approve a request for \$35,000,000 deficiency appropriation for the board.

The constituent assembly declares that all treaties and agreements which will consolidate internationally intervene without the knowledge and free will of the Russian people will be cancelled.

"Emphasizing the inadmissibility and inappropriateness of the policy of intervention and strictly warning against the possible attempts at rescuing such a policy, the conference must insist upon a final cessation of intervention in the Far East, bound up as it is with the undisputed occupation of Russian territory."

The resolution was adopted after addresses by Paul N. Milukoff, former Minister of Foreign Affairs in the Russian provisional government, and by Alexander P. Kerensky, former Prime Minister in the Russian provisional government.

BRAND SILENT.

[BY CABLE AND ASSOCIATED PRESS.]

PARIS, Feb. 1.—Premier Briand today refused to discuss in the Chamber of Deputies an interpellation by Deputy Berthoin with reference to the arrests of Communists in France, among them Abramovitch, known as Dr. Zeleny and alleged to be the agent of Trotsky. He requested an adjournment until the interpellation on the foreign policy had been disposed of.

The Premier said he would make a statement hereafter concerning the conference here of Russian elements opposed to Bolshevism, and would be ready to furnish additional verbal explanation of the meeting of the Allied Supreme Council. Other interpellations, he declared, must wait.

Police today announced they had established that Abramovitch had been receiving money from Berlin. In view of the recent revelations of Bolshevism activity in France, as developed by the arrest of Abramovitch, a committee will propose that a more rigid examination be made of the documents and papers of Russians entering France.

## FORD DISCORD IS PUZZLING.

(Continued from First Page.)

W. C. Anderson, European agent, Dean Marquis, head of the welfare department, also handed in his resignation, but it has not been acted upon as yet, it is understood.

"I resigned from the Ford Motor Company because I am not in full accord with some of the business policies contemplated by the company in the future," said Mr. King.

"This disagreement has been present for the last year, and has finally culminated in the severing of my relations."

Mr. King's resignation, it is said, was submitted to the board of directors of the Ford Motor Company, which has not yet acted upon it.

## OUCH! LAME BACK, RUB LUMBAGO OR BACKACHE AWAY

Rub Pain Right Out With Small Trial Bottle of Old "St. Jacobs Oil."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest "St. Jacobs Oil" whenever you have sciatica, neuralgia, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—(Advertisement.)

### "TWICE OVER"

—each Morning

Twice over each morning and a smooth, clean face all day! No need for you to follow a skip-stop system for shaving if you use SANTISEPTIC. Here's the plan that hundreds of men follow:

Wash off the lather. Apply Santiseptic while face is wet. Dry as usual. That's all there is to it!

This medicinal toilet lotion makes your face feel good all day and keeps it in condition for a daily close shave. Excellent, also, for wind or sunburn, rashes, poison oak; prevents ingrowing hairs and relieves skin irritations.

## FOIL KIDNAPERS IN WASHINGTON.

Tacoma Youth Released After Being Abducted.

Son of Wealthy Capitalist Held for \$25,000.

Bay City Policeman Wounded by Bandit Suspects.

(BY A. P. NIGHT WIRE.)

TACOMA (Wash.), Feb. 1.—Arthur Rust, 20 years old, son of W. R. Rust, one of the wealthiest men in the Northwest, was kidnapped here today by a lone man and forced at the point of a revolver to write a note to his father for \$25,000 ransom money.

The boy was later released by workmen who heard his cries from a garage in which he had been bound and gagged by his abductor. The kidnaper has not been apprehended, but the messenger who carried the note demanding the ransom money was held.

The young man was on his way to work this morning when he was stopped by a man in an automobile who said: "Want a ride, buddy?"

FLORISH PISTOL.

The boy entered the car and the kidnaper showed him a pistol and threatened to use the butt of it on his head if he made an outcry. The car was driven to the garage of the Rust Sound Iron and Steel Works on the tide flats, and there the boy was bound with rope and a heavy blanket was tied over his head. The kidnaper then evidently left to summon the messenger.

Left alone, the boy chewed frantically on his blanket for an hour. When he had made a hole large enough to peek through he saw a negro in the garage and called for help.

W. R. Rust, who is head of the Tacoma smelter was director of the Bank of California, and associated with Hugh Wallace, Ambassador to France, in the ownership of valuable Alaska mines, would have paid the ransom at once except for the advice of the police, he said.

POLICEMAN WOUNDED.

(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, Feb. 1.—Policeman John Trainor was shot and seriously wounded early today by two or three men whom the officer was attempting to question. Harry Smith, one of the trio, was captured by police officer Powers, who was with Trainor when he was shot, after the officers had fired a volley of shots at the men. The others escaped.

A crowd of residents, who assembled, attempted to take Smith and lynch him, officers reported, but Police Chief Powers succeeded in holding him until a posse of police took him away.

The policemen noticed the three men standing near an automobile in the residence section, and started to question them. Two of the men opened fire, they said. Trainor was shot twice, but was able to fire at the fleeing men. Powers also fired, and Smith surrendered after running a short distance. Smith said he arrived here recently from New Orleans. He denied knowledge of his companions' names and also denied that he had any part in the shooting or theft of the automobile they were using, which officers said was stolen.

Police reported the finding of a shotgun in the automobile. Smith said he had agreed to help the other two men move some whisky when the shooting occurred.

PICK BRADY JURY.

Selection of a jury to try Thomas Brady, for the second time, on a charge of attacking Miss Jean Stanley, was completed at noon today.

The jury in the first trial disagreed.

Miss Stanley was summoned as the first witness.

(BY A. P. NIGHT WIRE.)

CLEVELAND, Feb. 1.—Motormen and conductors of the Cleveland Railway Company will receive wage reductions of 20 per cent when the present wage agreement expires May 1. It was announced tonight. Approximately 2400 car men will be affected. They now receive 70 and 75 cents an hour.

Thirteen hundred employees, including President J. J. Stanley, received wage reductions of 10 per cent today.

Ecuador Orders Men to Colors.

(BY A. P. NIGHT WIRE.)

GUAYAQUIL, Feb. 1.—President Tamayo issued a decree today ordering all the men of the country to sign for military service in March.

A Man Is Just as Young and Strong as his Blood

No man can fight the battles of life and hold his own if his blood is not pure, for rich, red blood is what strength is based upon. When you see a strong, vigorous man, who never knows when he is licked, you may wonder that such a man has coursing through his veins rich, red blood. Many people have thin, pale blood. They are weak, tire easily, become discouraged quickly, and sometimes feel like giving up the struggle. Such folks need Dr. Pierce's Golden Medical Discovery, which is sold by druggists in liquid or tablet form.

It is made up of Blood root, Oregon Grape root, Queen's root, Stone root, Cherry Bark, without alcohol. Send 10c. to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for a trial package of the tablets.

Long Beach Speaker Wants

Trade Effort Made; Houses

Badly Needed at Harbor.

A. J. Frey, president of the Los

Angeles Steamship Company, with headquarters at Wilmington, de-

scribed in graphic detail the won-

derful trade possibilities open be-

tween Southern California and the

Orient at the first meeting of the

reorganized Long Beach Realty

Board at the Crystal Cafeteria at

Long Beach, last night.

E. J. Richards, president of the Realty Board, presided. The pro-

gram was in charge of a woman member of the organization. Mrs. Birdella Evans was chairman of the committee in charge of ar-

rangements. Mr. Frey opened with the state-

ment that Southern California had in no sense as yet awakened to the

unlimited trade possibilities that lie undeveloped between the twin port

of Long Beach and Los Angeles and the transportation centers of the

Orient. He declared that the local harbors, when properly dredged,

will take their place among the best in the world and deplored the

fact that Long Beach in particular did not set dredgers to work at

once to provide a deeper waterway for ocean-going craft.

The speaker mentioned the enormous population of the Orient,

with invaluable resources in many districts untouched, that should re-

ceive local attention without further delay. "We should get this trade

and get it now, while the getting is good," he warned.

Mr. Frey also touched on the inadequate housing situation for

workers in the Long Beach-Los Angeles Harbor district. He said

less attention should be paid to tourists and more to the needs of

the man with the dinner pail. He said many of his workmen at

Wilmington are forced to live in Los Angeles, Pasadena, Glendale

and other cities, many miles away from their labor. This situation

should not exist, he insisted.

Mrs. Bertha Chant Dobbins, a member of the Long Beach Realty

Board, talked on the harbor housing situation, and went more fully

into the details concerning the lack of accommodations for workers

there. Homes are badly needed for more than 2000 workmen right now, Mrs. Dobbins declared.

HARDING TO BE HIT BY INCOME TAX

Must Pay \$18,420 from His Salary as President, Says Revenue Bureau.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 1.—W. G. Harding, as President, will receive something like \$18,000 less compensation annually than Woodrow Wilson received. The Treasury will pay Mr. Harding the same amount it pays Mr. Wilson—\$75,000—but internal revenue bureau officials say Mr. Harding must return nearly one-fourth in income tax.

President Wilson was exempted from the income tax under a Supreme Court ruling because he came into office before enactment of the 1918 revenue laws, under which taxes were sought to be imposed on the salaries of the President and of Federal judges. The Supreme Court held the tax could not be collected in the case of incumbents because of the constitutional inhibition against reduction of the salaries of the Executive and Federal judges during their term.

The Solicitor-General has ruled that the tax could be collected from officials taking office after the law became effective because that would not bring about any reduction in salary during the term of office. Revenue bureau officials say Mr. Harding, of course, will be allowed the usual exemption of \$2000 a year for a married man and may claim certain business exemptions. Placing his exemption at \$2000 yearly, however, they figure his normal income tax at \$5480, and his war tax at \$12,940, a total of \$18,420.

# 25,000 People Marvel at Sight of Electrical Home

## Visit This Wonderful Servantless Mansion!

You will marvel at the wonderful things electrical genius has accomplished. From curling Milady's hair to washing and drying the dishes, electrical appliances have successfully replaced the expensive servant.

Electricity is your new servant—in the kitchen—in the laundry—in fact, in every room in your home electricity will replace the servant of yesterday—and do the work better, less expensive and in half the time.

Visit the servantless home and see for yourself the marvels accomplished by electrical appliances.

The F. E. Newberry Electric Co. has a very complete stock of all electrical appliances which we will gladly demonstrate in your home.

**F. E. NEWBERRY ELECTRIC CO.**  
2113 724-726 So. Olive St. 14265  
LOS ANGELES' FINEST ELECTRICAL STORE

Vast throngs daily crowd the thoroughfares leading to the Modern Adobe Electrical Home located in beautiful Windsor Square (New Development) and marvel at the almost miraculous performance of electricity and the ingenious ability of man.

The home, which is of modern adobe construction, is representative of Spanish architecture and harkens back to the memories of bygone days when Spanish heroes courted beautiful Spanish maidens in true "Romeo" style, and this is forcibly impressed when upon entering the home one is greeted by beautiful Spanish maidens.

The grounds surrounding the home are artistically planned and add to the wonderful setting provided by nature, while the house, which was designed by that masterful genius, H. S. Woodruff, embodies the beauties of architectural design, with the conveniences and comforts of modern electrical appliances, and Mr. Woodruff has developed what thousands acclaim the apex of modern home construction.

The interior of the home is a work of art, and incorporated therein are the very latest in interior decoration, conceived and designed by the expert and efficient staff of Barker Brothers' interior decorators. You will wonder at the magnificent rugs and draperies, and your eyes will linger long on the Electric Piano and the Electric Phonograph.

The Los Angeles Electrical Dealers have thoroughly equipped this modern home with all of the Electrical Labor Saving Appliances which science has developed, some fifty in number, and which you will witness in actual operation. You will be amazed at the completeness of this servantless mansion, this electrical wonderland, and your gaze will be attracted and held by these appliances, the uses of which have all been made possible through the proper wiring of the home, and the placing of convenient outlets, which cannot help but attract your attention.

The lighting of the home, designed and planned by a group of expert illuminating engineers, is so thorough and so wonderfully executed that the remarkable effects produced will solicit your profound admiration and approval.

The kitchen and laundry, due to the scientific and convenient management, are perhaps the most interesting rooms of the home. Here you will want to linger, for the housewife will find a revelation in the present method of housekeeping, and the amount of time, labor and expense saved by the use of these electrical appliances is beyond one's imagination, and will only be revealed to you after seeing these appliances in actual operation.

The Electric Range cooks the meals, the Electric Dishwasher washes and dries the dishes, the Electric Washing Machine, in a few minutes washes the clothes, then they are quickly dried with the Electric Clothes Dryer, and ironed with the Electric Ironing Machine.

And so throughout the home, Electrical Appliances have been utilized, freeing one from the drudgeries of housework and eliminating expensive servants, while affording the comforts and luxuries of home life.

A special demonstration of exterior and interior illumination may be witnessed every evening from 6:30 to 10 p.m.

The home is open daily for public inspection from 3 to 10 p.m., until February 13th, and is located in Windsor Square (New Development) at Larchmont Boulevard and Second Street. It can be easily reached by taking the West Sixth Street (Melrose) car.

Any one interested in homes, especially those contemplating the building, should not fail to visit this marvelous work of electrical genius.

## DAILY TRADE TALK.

Strong Position of Banks; Tax Increase  
Protested; Our New Oil Fields.

BY CHAPIN HALL.

The sound industrial, economic, and commercial position occupied by California in general and by Los Angeles in particular is given fresh expression in two documents which have found their way to Trake Talk. One is a comparative bank statement showing the condition of the State banks prepared by Charles F. Stern, Superintendent of Banks, and the other is a summary of the year's developments covering book values, dividend rates, deposits, investment returns, etc., of the Los Angeles banks, prepared by John O. Knight & Co., investment bankers.

In Stern's report it is found that California State banks entered the year 1920 stronger in all sources than when they faced 1919, and it demonstrates the amazing strength and resiliency of the California banking situation.

The year just past, the superlative period of financial readjustment in this generation, and yet the net result adds to our financial resources. State banks increased their capital, surplus and undivided profits in excess of \$100,000,000; they increased their loans by upward of \$150,000,000, and their bond investments by more than \$250,000,000; their deposits increased by over \$140,000,000; today we face the new year with \$1,500,000,000 in our banks underwriting the continued prosperity of California.

In the commercial departments the totals fluctuated with the seasonal demands, but the year shows a substantial gain of \$44,000,000, with an increase in deposits of nearly \$30,000,000.

The savings departments, rooted deeply in the growing habit of thrift and the underlying prosperity of our State, have shown an increase day by day without setback; the last six weeks alone showing an increase of over \$12,000,000 in savings deposits.

In the light of these figures, he concludes, we may face the future with a calm and intelligent optimism based on fundamentals.

## AT HOME.

The Knight & Co. statement shows a striking growth in the volume of business handled, accompanied by satisfactory earnings. Aggregate resources, as of January 1, top all figures of any previous year and statement.

The banks of Los Angeles have carried record-breaking deposits, but because of a demand for money have been able to keep their funds employed at a high rate. This prosperity has found evidence in dividend increases, while other negotiations are progressing looking toward the probability of further intercity mergers.

In the face of so prosperous a year, the market for bank shares declined. This depreciation reflects, however, general investment conditions. It is declared to be the conviction of the complex that present quotations are too low to remain long where they are, and that the up turn, when it does come, should place these stocks on a much higher level.

**NINTH ANNUAL BANQUET  
GAS COMPANY EMPLOYEES  
TO BE HELD TONIGHT**

Paying tribute to the L. B. Gas and Electric Corporation's best concern to work for the welfare of the community, the Old Guard of the corporation, one of the most unusual organizations in the country, will meet tonight at the Hotel Commodore for the ninth annual banquet.

During the regime of the officials, which has lasted thirty-four years, it has been the policy of the corporation to have active interest in the welfare of its workers, and no worker has ever suffered from unemployment and retains a larger portion of its workers from year to year, probably any other corporation in the world.

The Old Guard is composed of officials, directors and employees of the corporation all of whom have been with the corporation for ten years or longer, a period required for membership. Among them are the men who have been with the corporation since their first day have their

five years, twenty for twenty-five years, thirty for thirty years, forty-four who have a ten-year honor rank during twelve months. John H. S. E. Bangarter will receive a pin for twenty-five years' membership. It is the custom of the organization to award pins to members, and the design to members, and the year period is designated by the number of years.

An elaborate program of entertainment has been arranged for the evening, including cabaret dancing by the Old Guard, a five-piece band, and a contingent of electric music. The chairman of the committee is chairman of the committee.

## MANY MORE POLICEMEN NECESSARY.

Thousand Increase Prime Need of City, Says Mayor; Sorry Harbor Work Lags.

Mayor Snyder yesterday sent to the City Council a review of the administration's conduct of the city government during the year ending December 31, but the Mayor points out the needs that must be met and the problems to be solved during the present year. Chief of these is the necessity, the report says, for an increase of 1000 men in the police department.

While the Mayor "points with pride" to the accomplishments of many of the city departments, he says, "I am frank to say that the accomplishments (at the harbor) which I have expected to have completed during this administration, have not materialized."

Two weeks of the delay in the ratification of the agreement between the city and the Salt Lake Railroad Company, and the Mayor urges the Council to consummate an agreement that will benefit the city and the harbor work.

The Mayor says that the city must provide from \$15,000,000 to \$20,000,000 for the harbor work, if the harbor is to be properly developed and the needs of commerce met.

Homesteader Must Give Up Mineral Land.

The story of California bonanza days in what was then known as the Julian mining district, lying on the summit of the Sierra Madre Mountains in San Diego county, that, according to the official statement of the California mineralogist, produced gold ore valued at \$2,500,000, from 1870 to 1880, was revived in a decision handed down yesterday by Register Groves and Receiver Mitchell, of the local Land Office.

The case was the protest of F. L. Kelly, who on Dec. 1, 1915, filed a homestead entry on the area known as the Sierra Madre Mountains in San Diego county, that, according to the official statement of the California mineralogist, produced gold ore valued at \$2,500,000, from 1870 to 1880, was revived in a decision handed down yesterday by Register Groves and Receiver Mitchell, of the local Land Office.

The local land officials hold that Kelly is entitled to such land within the two homestead entries as is not covered by any of the eight mining claims. This means that, if the judgment is affirmed by the Commissioner of the General Land Office, Kelly will get about forty acres.

## MILK PRICES CUT.

BETTER FEED CONDITIONS CAUSE REDUCTION, SECRETARY PRICE SAYS.

Reductions in the wholesale price of milk which resulted in a cut of 2 cents a quart in the price to the consumer were placed in effect yesterday by the California Milk Producers' Association.

Dairymen who do not belong to the association are also understood to have agreed to the decreased prices. Milk will hereafter be 14 cents a quart and 5 cents a pint by retail.

The reduction in prices, Secretary Price of the association stated, is due to the bountiful rains of recent weeks and to the consequent decrease in cost of feed.

Chicago Has Costly Blaze.

CHICAGO, Feb. 1.—A block of one and two-story frame buildings was destroyed by a fire which started in a restaurant today, the loss being estimated at \$150,000. A boiler was blown out of the restaurant and hurled across the street, where it chipped off portions of a hotel cornice.

HEALTH OF WOMEN

How many perfectly well women do you know? Isn't it true that in order to keep up with the march of progress the endurance of woman is often strained to its utmost, and the tax upon her physical system is in many cases greater than that which can stand. Headaches develop, and nervous irritability, backache, dragging down sensations, and other painful ailments peculiar to women. The reliable remedy when a woman gets into such a condition is Lydia E. Pinkham's Vegetable Compound, as for nearly half a century it has proved the natural restorative for these troubles.—[Advertisement]

NEW CRAB-MEAT  
DISH DEVISED.Noted Chef Finds Novelty in  
Chicago Cafes.Sees California Fruit Put on  
Display Cards.Rice from This State Given  
Boost by Caterers.

BY CHIEF A. L. WYMAN.

This is the first of a series of articles  
by Chief Wyman on what's new in cook-  
ery in the cafes, restaurants, clubs and  
homes of the East and South. These arti-  
cles will appear weekly in The Times.CHICAGO, Jan. 26.—We arrived  
here two days ago and wherever  
we go the people we meet all say  
that they expect to go to California  
soon. If they all go, California will  
have to build a great many more  
houses.The first day we went to lunch  
in a cafe on top of a tall building  
on Michigan avenue and Mah in-  
sisted on having a seat with her  
back to the lake, as the lake looked  
so cold and dreary that she was  
homesick for the sunny beaches of  
Southern California. But she ac-  
cepted a good dish for lunch, crab  
meat with butter, sole, and she  
asked me to tell the readers of The  
Times how to make it.For the crab meat with sole, make  
a cream sauce of one and a half  
tablespoons of flour, one and a half  
tablespoons of butter and one cup of  
rich milk. Place in a shallow cast-  
ironware baking dish five or six  
slices of boiled sole or halibut, over  
the fish pour the white sauce to  
which you have added two cups of  
cooked crab meat. Dot with butter,  
sprinkle with fine bread crumbs and  
brown in the oven.For salad we had a combination  
of fruits called on the bill of fare  
"Salad Dressed." For each salad  
piece on a salad plate half a head  
of lettuce shredded, place on the  
lettuce one slice of pineapple cut  
in dice, two sections of grape fruit,  
three sections of orange, half a ba-  
nana cut in dice, and three pitted  
cherries.NEW SALAD DRESSING.  
Over the salad pour a fruit sal-  
ad dressing made by cooking one  
cup of pineapple juice, one cup of  
orange juice, two-thirds cup of lem-  
on juice in a double boiler until  
thick. Beat six egg yolks until light  
with half a cup of sugar and add  
to the hot fruit juices and cook un-  
til thick, stirring constantly. Beat  
six egg whites till light, add one  
cup of sugar and half a teaspoon  
of salt and fold into the hot mix-  
ture, cook one minute; when cold  
add an equal amount of whipped  
cream.At the hotel where we stop they  
serve a round steak a la Mexican  
and the steward kindly told me the  
method of preparing it. Place in deep  
dish one teaspoon of salt, one tea-  
spoon of paprika, one small onion  
chopped, four whole cloves, one  
blade of mace, six whole cloves,  
one bay leaf, one and a half cups of  
vinegar and a half a cup of water.  
In this marinade lay a piece of round  
steak for six hours. Remove steak  
from the marinade and place in a  
casserole and cover with equal  
parts of stock and tomatoes, cook  
one and a half hours in a medium  
oven.I went to lunch yesterday in one  
of the large department stores and  
was served with a slice of ham  
baked in a casserole that was de-  
licious.To prepare this dish wipe with a  
damp cloth a half inch thick slice  
of ham and stick with one dozen  
whole cloves; place in baking dish  
and sprinkle over two tablespoons of  
brown sugar; peel, core and cut in  
slices two tart apples and place  
around the slice of ham; pour over  
one cup of hot water, cover the  
dish and bake forty-five minutes.  
Serve with the ham southern sweet  
potatoes.COCONUT TO GARNISH.  
Mah was out to tea at a friend's  
house and they served Marguerites  
made with small round unsalted  
crackers and the friend gave her the  
recipe. Beat the white of one egg  
stiff and mix in two tablespoons  
of powdered sugar; spread the egg  
mixture on small round crackers and  
sprinkle over two tablespoons of  
shredded coconut; place in the  
oven and brown.This recipe for two served cheese  
crackers made by mixing half a  
cup of grated cheese with half a  
teaspoon of mustard, quarter tea-  
spoon of paprika and enough milk  
to make a thick mixture. Spread  
on thin crackers and brown in a  
moderate oven.That California has friends among  
the catering fraternity was proved  
at a meeting of the American Ca-  
terers Association held in this city  
last week when they adopted the  
slogan "Buy a Bag of California  
Flour Today" and gave the members  
many new ideas of how to serve  
flour.The better class of catering es-  
tablishments are specializing Cali-  
fornia rice dishes and have found  
that there is no better rice grown  
and that it meets with a big demand  
wherever served.We have for breakfast at our  
hotel rice and raisins cooked in milk  
and it is the best breakfast dish  
that I know of.USE SOUTHLAND FRUITS.  
Wherever you go in Chicago you  
see the signs "California Fruits  
Served Here," "Grown Made With  
California," "Fruit Made With Cali-  
fornia Fruit," and during my stay here  
I will no doubt find many new ways  
of serving products of our home  
state.One of the large chain lunch-  
rooms serves a California tomatoe  
to surprise Catalina. When I  
asked the manager for the recipe he  
told me that I would have to have  
California tomatoe and pineapple to  
make it successfully. To make this  
dish take some ripe California to-  
matoes, peel and chill. Chop out  
the centers and season with salt  
and pepper; in each tomato stand  
a devilled egg and cover with a  
tablespoon of thick mayonnaise  
dressing. Decorate with strips of  
California pineapple. Serve on a let-  
tuce leaf with a small salad of  
shredded cabbage.Another specialty of this chain  
of lunchrooms is raisin bran muf-  
fins and they sell more of these than  
they do of white bread. To make  
them, two cups of flour with one tea-  
spoon of salt, two teaspoons of  
sugar and six teaspoons of baking  
powder. Add one and a half cups  
of bran, one cup of seeded raisins,  
one tablespoon of melted butter  
and one and a half cups of milk.  
Beat smooth and bake in muffin  
cups in a medium hot oven for  
twenty minutes.Telephone

Men's and Young  
Men's Overcoats \$49.50Goodness of materials and goodness of workmanship have real meaning in these Over-  
coats so greatly lowered in price.The tailoring is not pressed in—to disappear the first morning of a drenching fog.  
It is tailoring that weathers all hardships of wear and climate.The style in these garments begins with the lining, and works outward. It is more  
than the little additions, flap, notch, shape of lapel and cuff. It is style that combines ar-  
tistic designing and high-grade workmanship.The fabrics used are pre-shrunk and pure wool. There are  
over 25 shades from which to select, including plain Oxfords, mix-  
tures, plain blues and browns and heathers in all the popular com-  
binations. Most of the models are belted in the back.Robinson's offers these Men's and Young Men's Overcoats as  
one of the best values in the Men's Clothing Section in several years.  
The lowered price is \$49.50.

FIRST FLOOR

Men's Overcoats  
\$59.50 and \$69.50Two other groups of Overcoats offer unusual buying oppor-  
tunities. The low figures at which they are priced are \$59.50 and  
\$69.50.These Overcoats have a pliancy about them that makes  
them appear especially adapted to the physique and personality  
of the wearer.The group at \$59.50 shows models belted all around or  
belted in the back with convertible ulster collar. The materials  
are for the most part double-faced pure wool cloth, plaid on the  
inside. In a good range of colors.The Overcoats at \$69.50 were made by London drapers.  
They are Scotch tweeds in grays and tans. The sleeves are either  
in raglan or set-in styles. These imported Coats are liked for mo-  
toring, and are very reasonably priced at \$69.50.

Madras Shirts  
\$5.00"Starco Cords" are something new in shirts; distinctive, and  
at the same time made for service.The cords in this madras are set close together and are raised  
higher than the cords in ordinary madras.The blending of the colors is new, as dull shades of blue and  
green, lavender and green and so forth.The man looking for something different will appreciate these  
shirts, moderately priced at \$5.00.

Misses' and Women's  
Spring Suits  
\$75.00Navy Blue Suits in tricotine and Poiret twill comprise an interesting group at \$75.  
They are youthful and highly individual.Several of the flare coats are shorter in front than in the back, with embroidery and  
buttons in many clever arrangements. The embroidery in self-color often extends to a  
depth of six or eight inches around the lower edge of the coat. Many of the skirts are  
showing straight horizontal patch pockets.A suit with a finger-tip-length coat has slender, semi-fitting lines. A conservative  
use of black silk braid heightens the smartly tailored effect.Belted models, however, hold their own with the flare coats and those with long un-  
broken lines. Gathered peplums, plain or embroidered, are features of several of the navy  
Suits at \$75.

## SOCIETY.

BY VIRGINIA WOODS.

**Dr. Davidson Engaged.**  
Announcement of the betrothal of Rev. George Davidson, D. D., rector of St. John's Episcopal Church, and Miss Adelaide Marie Bindley of Pittsburgh, was made yesterday by John Bindley, father of Miss Bindley, in the Pennsylvania city.

Miss Bindley's family is one of the oldest and most prominent in Pittsburgh, her father being the chairman of the board of the Pittsburgh Steel Company and president of the Duquesne National Bank. She was educated at Bishop Strachan School, Toronto, and at the Misses Master's School at Dobbs Ferry, N. Y. She is well known in social circles in Los Angeles, having spent many seasons here accompanied by her aunt, Mrs. Mary Bindley of the Californian and cousin, Miss Elmina McMillan. Miss Bindley's southern home is in Coconut Grove, Fla.

Dr. Davidson is the rector of one of the most influential Episcopal churches on the Pacific Coast. He came to Los Angeles about twenty years ago as rector of St. John's church. He was educated at St. John's Military College, Kenyon College in Ohio and at the Wesleyan Theological Seminary of that school. He is a member of the Beta Theta Pi Fraternity and of the university, Los Angeles Country, Celtic and athletic clubs.

The wedding date has not been set, but it will probably be sometime in the late spring.

**For a Charming Macon.**  
Mrs. Edward Elliott, who has recently come here from Berkeley to reside, is in the city for a luncheon that Mrs. Joseph Francis Sartori is to give tomorrow at the California Club. There are to be forty guests, who will be seated at four tables adorned with "Pascas" of early blue and yellow. Mrs. John Perrin of Pasadena will receive with Mrs. Sartori.

Mrs. Elliott is an aunt of Mrs. William Gibbs McAdoo, who has just left here. Mr. Elliott was, until he went to Berkeley, a dean at Princeton. They will probably make their home in Pasadena.

**For Douglas Crane.**  
Crane, the portrait painter, Mrs. Charles Bowes of 446 Grand View avenue is to entertain on Sunday with a musical tea. There are to be sixty guests and those who will assist are Mrs. Crane, Miss Ella P. True and Mrs. David Forbes.

**Plans for Tea.**  
At the tea that Mrs. Edward Laurence Doherty and her sister, Mrs. J. Crampton Anderson, are to give tomorrow afternoon at the Doherty home on Chestnut Place in honor of Mrs. Franklin K. Lane, Mrs. W. B. Joyce and Mrs. Herbert C. Wiley are to be assisted by Mrs. Henry W. O'Melveny, John Milner, Bernal Byas, Felix McGinnis, James Rathwell Page, Fred O. Johnson, F. P. Blucke, Russell McDonnell Taylor, Fred Baker, J. Ross Clark, Charles Modini-Wood, W. B. Joyce, Jr., and J. M. Danziger. There are to be 300 guests.

Mrs. Mary Reed, who possesses a remarkably rich and varied collection of to be sung during the calling hours.

**Mrs. Scarborough to Entertain.**  
Mrs. James G. Scarborough, Jr., is to give a bridge tea on Wednesday afternoon, February 16, in honor of Mrs. Edgar Gail Miller (Louise Forre). She will have a group of thirty-two to play bridge and forty other friends have been asked to drop in to tea from 5 until 8 p.m.

**For Mrs. Lane.**  
Mrs. Franklin K. Lane, wife of the former Secretary of the Interior, was incentive yesterday for an attractive tea at which Mrs. Frank G. Finlayson entertained at the Ambassador.

The table was centered with sweet peas in multicolors and there were corsage bouquets for each guest. Besides the guests, the guests were Mrs. Edward Laurence Doherty, Mrs. C. G. Stanton, Mrs. George Stegmaier, Mrs. Charles Wellborn, Mrs. E. R. Maier, Mrs. Edgar Gail Miller, Mrs. R. Wernick, Mrs. W. E. Thompson, Mrs. Chester Hoag, Mrs. James Donovan and Miss Mary Forre.

**Miss Schoder to Entertain.**  
Miss Polly Schoder, attractive young daughter of Mr. and Mrs. Howard J. Schoder of Plymouth Boulevard, is planning a luncheon for February 19 at which she will entertain a dozen of the subdebutantes.

**As House Guests.**  
Ferdinand R. Bain is entertaining as house guests Mr. and Mrs. Rufus Dawes of Evanston, Ill., who are here for ten days. Mr. Dawes is the brother of Charles Gates Dawes, former Comptroller of the Currency.

**By Mrs. Caswell.**  
Mrs. George A. Caswell of the Marlborough School is giving a tea this afternoon in honor of Miss Sarah B. MacDonald, the newly installed associate principal. Her guests will be the parents and pupils of the school.

**Dr. Larson as Host.**  
Dr. Edwin Larson is to be host at a reception and tea in his offices at the Ambassador next Sunday from 3 to 6 p.m.

**Mrs. Doran to Entertain.**  
Mrs. William Doran is entertaining at a bridge luncheon at the Hotel Vista del Arroyo in Pasadena today. Next week she will give another luncheon at the same place.

**Is Recovering.**  
Mrs. Leo Youngworth is recovering following an operation at the Clara Barton Hospital.

**Bernard-Smith Nuptials.**  
Last evening at the residence of Miss Helen Adams of 2425 Andrews Place, Miss Beatrice Bernard and Walter Endicott Smith were married by Rev. Howard Dean French. The bride is a daughter of Mrs. Lucetta Bernard and the groom is a son of Mrs. Melancon Smith. Miss Dorothy Smith, maid of honor, while Marshall Smith stood with his brother.

Mercury "Ship" Hits Tree on Mexico City Flight.

Didn't Rise High Enough, Says Official of Company.

German-Made Machine to be Used in Mail Service.

Stripping off its landing gear in the top of a tree as it was leaving an aviation field at San Luis Potosi, Mex., on a Los Angeles-Mexico City flight, a German Junker monoplane, belonging to the Mercury Aviation Company, crashed to earth without injuring its crew, made up of Lieut. David E. Thompson and A. M. Williams, both of this city, according to word received here yesterday by John H. Fisher of the Mercury company.

The aviators were on their way to Mexico City to conduct a series of experiments for the Mexican government, according to Mr. Fisher, who stated that the crash came when the machine did not rise as high as necessary in taking off from a short field. The damage, estimated at \$150, is now being repaired by the Mexican government.

The monoplane left this city quietly about two weeks ago and crossed the border at El Paso, taking two passengers from that city to Torreon and continuing from there to San Luis Potosi with only the pilot and his assistant. It is an all-steel monoplane, 185-horsepower and seven-passenger-carrying capacity, of the type now being used by the United States in mail service at eastern points.

This type of machine was just being introduced by the Germans when the armistice was signed. A couple of them were shot down during the last days of the World War, and the Germans had a large number of them on hand which were never placed in service. Many of them were sold in this country, the Mercury company having purchased and placing an order for two more.

Mr. Fisher said yesterday that the monoplane was sent to Mexico City to make demonstrations with a view to closing a deal with the Mexican government, which is said to be in the market for this type of machine. When asked what the Mexican government would do with the machine if it purchased them, Mr. Fisher said that he thought they were to be used in mail service.

## SOBS WHEN BOY SIDES WITH DAD.

Mother Breaks Down After Judge Hears She Has Many Men Callers at Night.

When her son failed to rally to her support, saying he wanted to stay with his father, Mrs. Inez Ruth Tibbitts became hysterical in Judge Walton J. Wood's court yesterday and was obliged to leave the courtroom.

Mrs. Tibbitts, who is suing William Tibbitts for divorce, asked for the custody of her children pending the trial of the action. The court suggested as the boy, Paul Tibbitts, 10 years old, was already with his father, he should be left there temporarily.

Paul was called to the stand and declared he had to go to bed early every night "because there were too many men around" and he gave this as the reason for leaving his mother.

Mrs. Tibbitts, who had not looked for the defection of her son, broke down and wept bitterly. A minor daughter was left in the custody of Mrs. Tibbitts.

## LEAGUE RECORDS HERE.

The provisional verbatim records of the first Assembly of the League of Nations at Geneva are now on file in the reference department of the Public Library. It was announced yesterday by the librarian. This record is in both French and English, and in addition to the complete text of the Assembly records there is an excellent summary and index.

# "I Didn't Kill Denton and I Don't Know Who Did," Summarizes Defense of Mrs. Peete

## STATE RESTS CASE TODAY.

Prosecution in Denton Murder Trial to Finish With Last Witness by Noon.

Rumors regarding sensational surprises have rapidly gained headway and whether the defense will be able to produce evidence other than Mrs. Peete's testimony about the Spanish woman is a much-discussed matter.

### HAS "TALKING POINTS."

The defender has gradually built up "talking points" for the defense and several of his score of witnesses will testify about these points. The mysterious turning on of lights at the Denton home during the absence of Mrs. Peete and her companions on at least two occasions, the cheerful and gay attitude of the defendant on the asserted day of the murder, the physical condition of Mrs. Peete and her demeanor during the time the body was hidden in the basement—all of these have been "talking points."

About ten witnesses have prepared depositions that in their opinion Mrs. Peete is not physically capable of dragging a man of 200 pounds downstairs and disposing of such a weight.

The "ace in the hole" held by the defense, having some tremendous surprises, will be the question of the identity of the body. Is it that of

Denton? That will be the reasonable doubt which the counsel for Mrs. Peete will attempt to raise in the minds of the jurors.

In line with this point at least three witnesses will testify about seeing Denton on dates which they believe were after that on which Denton was slain. Mrs. B. Collins is expected to tell of seeing Mr. Denton on June 2 and Dwight Dale is expected to corroborate her testimony. Dick Wick Hall has prepared a deposition in which he says he saw Denton either on May 26 or June 4.

Richard C. Peete, husband of the defendant, also will be an important witness. Mr. Peete was present during several conversations also related by State's witnesses to the jury and he is expected to contradict some of the points brought out. He also will testify about the manner in which his wife came to Los Angeles to aid in the investigation of the murder and the way she was treated by the officials.

### DAMAGING EVIDENCE.

Dep. Dist. Atty. Raymond I. Turner yesterday read into evidence what the prosecution regards as some of its most damaging points, following a warm clash between counsel over the introduction of the Glenn ranch statements of

Mrs. Peete. In these statements the defendant gave her versions of practically all of the circumstances by which the State hopes to prove her guilty and these versions vary in many respects from other testimony.

Mrs. Peete explained, in the Glenn ranch conferences, that she obtained Denton's diamond ring when the "Spanish woman," who then called herself Mrs. J. C. Denton, gave it to Mrs. Peete to pawn for her.

She explained the purchase of two dresses, valued at \$390, and charged to the Denton account by Mrs. Peete as Mrs. J. C. Denton, by saying that she got these dresses for the Spanish woman and that the latter came to the house and took the dresses when she left Los Angeles and packed the other in her trunk.

Among the other outstanding points of the Glenn ranch statement was the asserted admission by Mrs. Peete that she herself signed the name of J. C. Denton on a lease she had for the house at 615 South Catalina street. She just "wrote the name idly," the statement says. On the lease the date of the instrument was changed from May to July.

The "Spanish woman" chapters related by Mrs. Peete at that time did not include the melodramatic episode of the shooting of the Spanish woman by Denton on the morning of June 2. This addition to the account of the supposed relations of Denton with the woman was made several days later, Miss Hal Bland of the

District Attorney's office and Chief Deputy W. C. Doran told the jury.

### "DOUBLE" THEORY.

Another damaging admission, the prosecution believes, was in the statement of Mrs. Peete as Jean Ranch that the man she saw at the Denton home and said was Denton after the date of the murder might not have been Mr. Denton. Thus, for the first time the jury gained an inkling of the "double" theory advanced in the investigation by the defendant.

Most important of all are the contradictions in the Glenn Ranch of other reported statements by Mrs. Peete, the prosecution believes. By these discrepancies, Dist. Atty. Woolwine hopes to convince the jury that the "Spanish woman" stories and other explanations of Mrs. Peete were added to fit the known facts and were gradually evolved. The defense, however, is expected to declare that Mrs. Peete was deceived in being persuaded to come to Los Angeles before she was indicted and that she merely deceived the officials in turn.

Three representatives of the District Attorney's office, Chief Deputy Doran, Detective Sergeant Charles A. Jones and Miss Hal Bland were the leading witnesses for the prosecution yesterday. All told of the Glenn ranch statements and also related conversations they said they had with them. Ben Smith, official court reporter, who took the stenographic report of the prosecution conference, identified the written record.

In several places during her explanation of the circumstances at the Glenn ranch, Mrs. Peete is reported as saying she was "made the goat" and that she had "been made a fool of." She apparently referred at these times to the acts she said she had performed for the "Spanish woman" and the man whom she believed to be Denton, but was not sure.

For the first time the jury obtained a description of the "Spanish woman" when the Glenn ranch statement was read. That part which referred to the looks of the woman was as follows:

"THE SPANISH WOMAN. Mr. Doran: You don't quite understand. I guess, naturally, you wouldn't, in describing a person so we would be able to get some idea of what she might look like, as to her height and her weight and the color of her eyes and the color of her hair and those things."

Mrs. Peete: Yes, she was absolutely Spanish. Q: Dark eyes? A: Dark eyes. Q: Dark hair? A: Dark hair, yes; rather an oval face, and she wasn't very slender, or she wasn't as stout as I am.

Q: About how tall? A: Oh, an inch or two taller than I. She ate funny food; ate Spanish rice and she did her own cooking. Q: And about her age, would you say? A: Oh, I would judge about 35. She probably could have been 40, well preserved.

Q: How are you, a pretty good judge of age? A: Yes, I usually judge age by the eyes.

Q: Well you could say anywhere between 30 and 40?

A: Yes, between 30 and 40.

Q: Women are deceiving sometimes in their age?

A: Yes, sir, they are.

Q: Well, now, did she have any scars—moles, anything like that that might identify her, on her face?

A: Not at all. Denton met this woman, Mrs. Peete said, in Mexico. This woman, who did her own cooking, ate Spanish rice and secreted herself in the Denton home at various occasions, Mrs. Peete said, had irregular habits, sleeping until 11 o'clock in the morning, sending and receiving no mail, leaving only at night, and hearing from her acquaintances over the telephone only two or three times while in the house.

### NEVER PAID FOR.

Another link was added yesterday in the testimony regarding the two gowns purchased at Bullock's in August by Mrs. Peete, who is alleged by several witnesses to have represented herself as Mrs. J. C. Denton, and charged the \$390 to Denton's account. W. W. Miller, credit manager of the store, told the jury that the two dresses were charged to the Denton account and had never been paid for. It is this point on which the prosecution hopes to wreck the "Spanish woman" stories, because Mrs. Peete explained the transaction by saying she bought the dresses for the strange woman.

The third chapter in the Spanish woman account by Mrs. Peete was related by Miss Bland and Detective Jones, when they told of the alleged shooting of the woman by Denton

in the early morning of June 2. Miss Bland said Mrs. Peete told her the Spanish woman, after having her wound dressed, went to the telephone and called "someone" and then left the house. Denton returned later with his arm in a sling.

By Mr. Doran's testimony definite dates were established as to when the "Mrs. J. C. Denton" was said by Mrs. Peete to have been at the Denton home, in July and August. Between the last of July and the 19th of August she spent two weeks, a week at a time with some days elapsing between visits, Mrs. Peete was reported as saying.

During the conversation with Mrs. Peete at the District Attorney's office, Mr. Doran said to her, he told the jury, "I believe down deep in your heart, Mrs. Peete, you would like to tell me all about it."

She replied that she would but was not free to do so because of her husband and baby, believing "they would take me away from my baby in that case."

Mr. Jones was on the stand when the night recess was taken. He had related several conversations he had with Mrs. Peete while she was in Los Angeles and he was investigating the disappearance of Mr. Denton. This was before the body was found.

### HEARING ON CAR SERVICE.

Residents of West Adams Heights, who are protesting against the loss of the service of the La Salle-avenue cars, will be given a hearing tomorrow afternoon at 3 o'clock by the Board of Public Utilities.

## Co-defendants with Mrs. Roe Contradict Widow.

Say Man Shot Down Attempted to Choke Cripple.

Deny Being Armed with Brass Knuckles or Blackjack.

The construction placed by Mr. and Mrs. Edward F. Doane and Oscar A. Bowers on the slaying of McCullough Graydon in Venice September 1, 1920, in the case of Mrs. Maybelle Roe for murder before a mixed jury in Judge Houser's court yesterday, was the reverse of that previously detailed by Mrs. Graydon and Miss Joan Marshall.

The Doanes and Mr. Bowers are co-defendants with Mrs. Roe, and will be tried later. They were brought over from the County Jail yesterday and stated that the Graydons and Miss Marshall were the aggressors in the fight.

Mrs. Graydon declared that Mrs. Roe struck Mr. Graydon in the face with a blackjack, which was an exhibit in the case. The Doanes heard the shot fired, but did not know who did the shooting. Bowers, a cripple, said Mr. Graydon had him on the ground, choking him. He was only partly conscious, and did not know what happened, which killed Mr. Graydon, he said.

He testified that he felt Mr. Graydon relax his choke grip on his throat.

**SAW GRAYDON FALL.**

"I heard Mrs. Roe shout: 'Don't hurt him, don't kill him, he is a cripple.' I heard Mrs. Doane call out: 'Mrs. Roe, they are killing Mr. Bowers.' I did not hear anything I recognized as a gun shot. I regained consciousness and saw Mr. Graydon fall, striking his face with a blackjack, and was the explanation of the defense of the bruises on Mr. Graydon's face.

The police who arrested the defendants found a blackjack and a pair of brass knuckles in the pockets of Mr. Bowers' coat. Mr. Bowers declared that Mr. Graydon struck him with the knuckles.

Mr. Bowers stated he did not have on him a revolver, blackjack or brass knuckles when he went to Venice. He said he heard Mrs. Graydon call out to Mrs. Roe after the shooting.

"Here's your handbag, lady."

**FOUND IN HANDBAG.**

While Mr. Bowers and Mrs. Roe were sitting in the machine prepared to leave, Mr. Bowers opened Mrs. Roe's handbag to get a handkerchief to stanch a flow of blood from a wound in her head and found the blackjack, he testified. The revolver has never been found.

After the arrest of the defendant, testified positively that his father carried a revolver.

The defense insisted that Mrs. Roe was struck on the head with an instrument like a sarge file, which was an exhibit in court.

Mrs. Roe has admitted firing the fatal shot, and her defense is that she did it to protect Mr. Bowers' life, which was in danger. The defense testimony will be continued today.

# Spring Style Thoughts

Unusually smart Suit Innovations of Poiret Twill, Twill Louise and Cheruit Twill, as well as Tricotine and Tricofine, which are especially adaptable to tailored suits.

The styles are Fashion's farthest advance into the yet hesitant Spring and include such popular colors as navy, brown, beige, light gray, taupe, rookie and checks.

The splendid diversity of styles include the adorable Box or Pony coats, that just reach the waist line, then there are the hip line lengths as well as the finger tip lengths—all are equally smart.

The decorations are unusually artistic. Braid, embroidery or beads in bright colors of henna, mahogany and rust are noticeable.

# Box Coat Suit

The extremely smart Coat Suit illustrated is of navy tricotine, Box Coat style with Buster Brown collar and three-quarter length sleeves. Bottom of coat and sleeves are handsomely embroidered in shades of henna, gray and silver thread. A wide wash of henna crepe de chine edged with Chinese tassels adds extreme smartness.

Priced, \$110.00.

# Tricotine Suit

Another new model is that fashioned of navy tricotine. A novel Pony Coat with three-quarter length sleeves, with smart embroidered motifs to fill in the scalloped edges. The collar is finished with a black silk cord and tassel.

Priced \$65.00

## TOLD TO STOP COURT DELAYS.

John Lapique, Twenty Months in Jail, Must Appear.

Has Had His Case Continued Forty-five Times.

False Evidence Indictment Nearly Two Years Old.

After forty-five continuances in court for the case of John Lapique, litigant extraordinary, and after he has spent twenty months in the County Jail because of his failure for more time, he was notified yesterday by Judge Reeve that he must come before the court on the 14th inst. ready to argue a motion to strike out portions of the indictment against him. Argument on the motion alone has been continued thirty-five times by various departments of the Superior Court upon the request of Lapique, who acts as his own attorney and consistently refuses to employ a lawyer.

Lapique was indicted by a county grand jury for preparing false evidence on May 14, 1919. He was arrested on June 2, 1919, in Northern California and was arraigned before Judge Craig on June 7. Time for entry of his plea was continued eight times. Then he tried to obtain his liberty on a writ of habeas corpus, filed in the District Court of Appeals, but this was denied. His case was transferred to various courts and continued for different reasons until he filed motion to strike out portions of the indictment.

When Judge Reeve took over the duties of Department Eighteen he looked at the papers in the case, now more than an inch thick, and notified the defendant that he must come prepared to argue the motion and continue with his case. Ordinarily the case would have been disposed of within sixty to eighty days. Lapique, though, is content. He divides his time in the jail between use of an apron in the kitchen and a typewriter and an old desk, piled with law books.

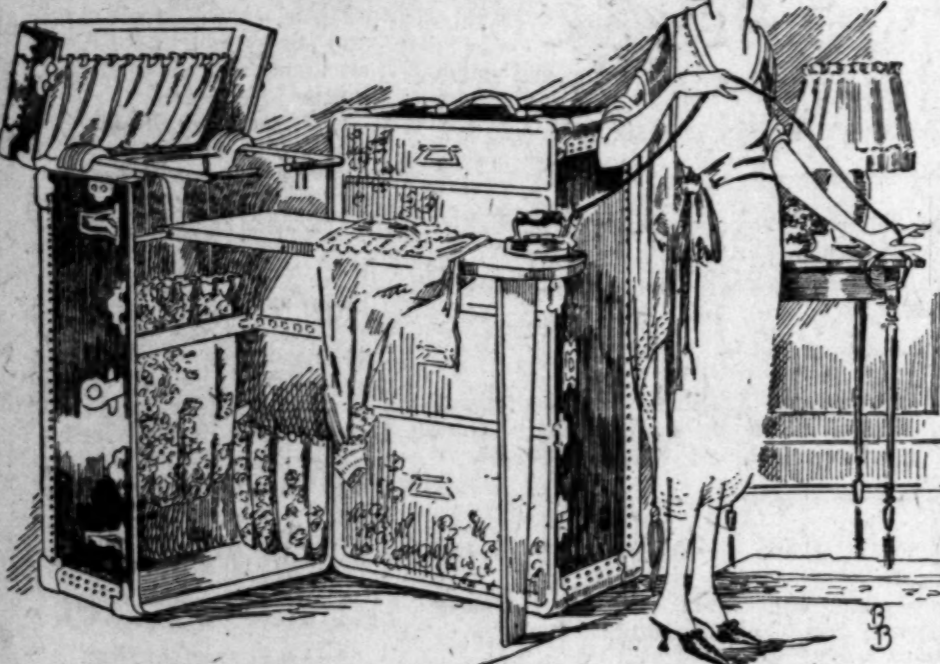

He is accused of preparing false evidence by filing papers with the County Clerk, which it was asserted clouded title to the estate near Elizabeth Lake of Marie Esposito Chilula de Lronis. The estate was appraised several years ago at \$303,474.40, but now is said to be worth about \$1,000,000.

"Mistaken Identity," Says Cultured Mrs. Norkoff.

Suspected Robber Blames Fur Cape, Red Lining.

Consoled by Mrs. Peete Speaks Kindly of County Jail.

Declaring that it is a case of mistaken identity, Mrs. Norine Norkoff, arrested Monday night as she stepped off the steamer Admiral Evans, on a charge of grand larceny at Bremerton, Wash., yesterday stoutly denied knowledge of the charge. Cultured and calm, she sat in the County Jail yesterday and told Arthur Fitzgerald, a Burns detective and Deputy Sheriff Counts that she blames her arrest to the fact that she was wearing a fur cape with bright red lining and a silver ring she says was given her by a dying boy.

"I shall never wear the cape again," she said. "The ring was stolen from me."

Mrs. Norkoff was arrested on a charge of stealing a diamond ring, the value of which was not mentioned, in a telephone warrant received by Sheriff Cline yesterday. She is said to have posed as Mrs. B. Johnson at that time, and the charge is in that name. She is also said to be wanted for passing a fictitious check for \$100 on the Hotel Washington, Seattle. Regarding this charge, she says she never stopped at the Washington, but at the Savoy Hotel in that city.

"What use is there in my talking to you?" she said to the officers. "You are detectives. You have no emotion. I have nothing to tell about myself. I am alone. I am an orphan."

She quoted from Freud, a psychoanalyst, and tears came to her eyes. Then she smiled and brushed them away. She says that her husband, Mairi Norkoff, a Russian, was a Lieutenant in the French army and was killed in the war. At the various hotels where she stayed Mrs. Norkoff registered from Cambodia, France, though she says she is an American by birth. She is said to have told the purser of the Admiral Evans that she is a French secret service agent. She asserts she is here to write articles for a motion picture magazine. She was interested in finding Nazimova, and claimed to have letter to a local correspondent of a motion picture magazine.

"Are all the jails in the United States like this one?" she asked when Mrs. Peete consoled her. "If a person left here, they would let me to come back, for they treat you so well."

Although Mrs. Norkoff maintains her innocence, the officers who arrested her say her description tallies with that of the woman wanted in the northern city.

**COUNTER ATTACK IN CLINE OUSTER FIGHT.**

SAY HILL FAILED TO MAKE LEGAL REPORT TILL AFTER SUIT STARTED.

The cross-examination yesterday of Sheriff Cline, on trial before Judge Monroe in ouster proceedings, was peppered with objections which were in the main sustained because some of the questions were not based on the direct examination. The latter was brief and brought out the fact that the sheriff acted on legal advice in declining to turn fees into the county treasury.

The cross-examination showed that after the Supreme Court decision was handed down requiring all fees to be turned into the treasury, Sheriff Cline received fees and put them in his bank.

The defense asserts that he did this because he could not determine what were per diem fees, but that he later turned the fees over to the county and paid nearly \$200 in excess of the amount required.

Another development was that while there is an ordinance requiring all county officers to make an annual report to the Supervisors it has not been carried out.

County Counsel Hill was called to the stand and when asked if he had made such a report, Attorney Bull declared it was the purpose of the defense to show that while the sheriff was charged with failing to file the report, the County Counsel had not done so either until the ouster suit was started. The defense expects to close its evidence today. Argument will require several days.

**BROADEN FIELD.**

Lutherans to Hold Hospital Dedication Next Sunday.

Dedication services of the California Hospital of the Lutheran Church, 1414 South Hope street, will be held Sunday at 2:45 p.m. at the Swedish Anglican Lutheran Church, 1616 South Hope street, of which Rev. Dr. W. S. Dyminger is the superintendent pastor. A Larson, president of the board of trustees, will preside. Addresses will be delivered by Dr. Walter Lindley, for many years secretary and manager of the California Hospital, which was purchased by the church in 1919; Rev. Julius Lincoln, vice-president of the board of trustees; Rev. Hugh K. Walker and Rev. Dr. Dyminger. Rev. P. H. Hoff will give the scripture reading. Rev. M. H. Stine will offer prayer, and there will be solos by Earl C. Houk and Miss Clara Johnson.

**PLACE NEW EXHIBITS AT HISTORY MUSEUM.**

Three collections, two of oil paintings by different artists, and one of rare etchings, will be on exhibit all of this month at the Museum of History, Science and Art at Exposition Park. There are now installed twenty-five canvases by Horvath Pushman, an Armenian painter, and thirty marines painted by William Mitchell, who has been living at Carmel for some time. The etchings, which are in the print room, include those bought by the museum and gifts to the institution from the collection of Wallace R. De Wolf. Works represented are those of Meryon, Durer, Rembrandt, Whistler, Zorn and Seymour-Hayden.

## SHORTTRIDGE TO TALK TO WOMEN

Senator-Elect Will Address Ebell Club Tomorrow.

Wireless Telegraphy Expert Also Will Be Guest.

New Curator of Museum Will Tell of Institution.

BY MYRA NYE.

Senator-elect Shortridge, Dr. Frederick H. Millener of Omaha, an expert in wireless telegraphy and telephony; Dr. William Alanson Bryan, who was recently appointed curator of the Museum of History, Science and Art, are the guests who will speak at the "special guest" luncheon of the Ebell Club tomorrow.

The morning meeting at 10:30 a.m. is the monthly gathering of the social science department, with Mrs. Elizabeth McManus as chairman, and Mrs. A. B. Ross, chairman of the Rest Cottage Association, giving a report of that work. The speaker of the morning is to be Supt. Nelles of the Whittier State School, whose subject is "The Problem Child and Our Responsibility."

For the evening of the 15th inst. the Ebell Club has invited members of the Woman's Democratic League and the Republican Study Club to hear ex-Gov. Lowden of Illinois speak. Mrs. Charles H. Toll, president of the club, acknowledges her gratitude to the Republican Study Club for the honor of Gov. Lowden's appearance before Ebell. Knowing that he could appear but once, the former club, which had already secured an engagement with Gov. Lowden, yielded to the larger organization.

At a charmingly appointed luncheon at the California Club yesterday Mrs. Toll entertained in honor of her newly appointed chairman of press, Mrs. Sidney Ullman. Her guests were: Mrs. Ullman, Miss Pearl Hall and Myra Nye.

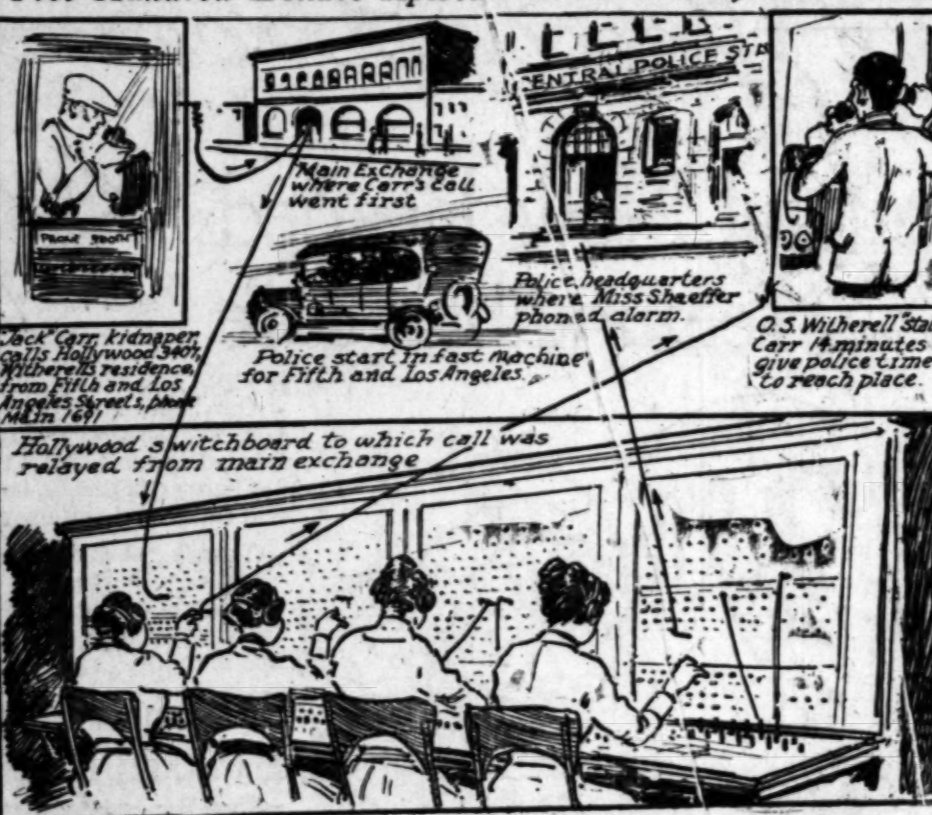

### California Art Club

A studio tea will be given by the Oils Art Institute and California Art Club Saturday from 3 to 5 p.m. when the guests of honor will be Jack W. Smith, president of the California Art Club; C. P. Townsend, director of the Oils Art Institute, and members of the faculty of the institute.

Mrs. Kathryn Leighton will speak on "Modern Art." Miss Georgiella Lay will appear as the pianist. Mrs. Ella Duffield will sing some original children's songs. Mrs. Capitan Stockwell, soprano, will sing a group of songs with Mrs. Ethel Forsner as accompanist and Mrs. Florence Norman Shaw as violinist.

Those receiving are: Mrs. Anthony Carlson, Mrs. Grace Viersen,

## Five Hundred Dollars Apiece and How They Earned It.

The members of which are to divide the reward for the Witherell kidnappers. The diagram shows how each girl contributed to the capture.

Mrs. Frederic Vroom, Mrs. F. R. Northmore, Miss Katanya Pet-schnikoff, Miss Ray Leeman and Mrs. Florence P. Blosser.

### Backed by Two Clubs

The Santa Monica Bay Women's Club and the Shakespeare Club of Pasadena both endorsed Mrs. J. C. Crouhard, for president of the Los Angeles Federation of Women's Clubs at their last meetings.

Downey Woman's Club. "Those Husbands of Ours," a one-act comedy by Jeanette Keller, will be staged this afternoon by the Decorating Committee of the Saturday Afternoon Club of Downey. In this little drama, a play without a hero, the roles will be taken by Mrs. Bert Wolf, Mrs. W. L. Pulley, Mrs. S. H. Wilson, Mrs. J. E. Van Matre, Mrs. T. T. Miller, Mrs. W. H. Morrow and Mrs. Charles Peters. The play is presented under the direction of Miss Tempe E. Allison. A second part of the program will be a talk by Mrs. M. Parr on "Art in Home Decoration."

Elysian Heights Club. Mrs. Sidney Thomas Esley, district Federation president, will speak to the Elysian Heights Civic Club members on Friday at the home of the club president, Mrs. H. H. Wilkinson, 1541 Curran street. Presidents and one other member of each of the federated clubs are invited to be present.

Wednesday Morning Club. "Team Work on a Big Scale" will be presented at the meeting today of the Wednesday Morning Club by Mrs. Robert J. Burdette and Mrs. O. P. Clark will lead the public welfare section in discussion of current events. Mrs. A. H. Bednock and Mrs. Walter Record from Inglewood's Woman's Club will present vocal and piano numbers. Mrs. O. D. Spray is hostess for the day.

Music Settlement. An application for two new houses for the music settlement will be considered at the executive board meeting today at 10 a.m. and other important business will be transacted at the Settlement House, 2407 Mozart street.

South Side Ebell. "City Planning" will be the subject of Gordon Whitnall, speaker at the meeting of the South Side Ebell Club tomorrow at 10 a.m. and the reports of all the chairman and heads of departments will be given at the meeting at the clubhouse, 4504 Central avenue.

Daughters of Veterans. Helen Jean Christie Tent, Daughters of Veterans, will hold a meeting tomorrow afternoon in Patriotic Hall.

California Badger Club. Today at 2:30 p.m. the California Badger Club presents the annual reciprocity program. The speaker will be Rev. George Davidson and the musical program will be given by Leon Rice, tenor.

BEEF FALLS, SO RENT DATE IS SET AHEAD.

It was announced at the office of Supervisor Allen of the Angeles National Reserve yesterday that rentals for pasture purposes, due under the contracts on February 1, will not be enforced until August 1. Many of the cattle men involved are having some trouble in getting the money together to pay the pastureage bills, it seems, as the price of beef is continually falling.

## KIDNAPERS TO BE SENTENCED.

(Continued from First Page.)

San Quentin, heavily shackled, on the first possible train. Sheriff Cline said two regular transportation deputies will accompany them.

Measures to prevent the kidnapping Carrs from obtaining parole after they will have served a portion of the sentence to be imposed upon them, were taken by Federal authorities yesterday afternoon. In addition to conviction on the charge of kidnapping, U. S. Atty. Connor intends to ask the Federal grand jury next Friday to indict the Carr cousins on a charge of illegally using the United States mails for extortion purposes. Each action will make it impossible for the abductors to be granted freedom on parole, so long as the Federal charge is pending.

Investigation of the Witherell kidnapping case was closed yesterday. Nick Harris, Detective Sergeant King and Capt. John Deputy Sheriff Lips and Anderson were unanimous in the opinion that Floyd and Jack Carr were the ones implicated in the abduction and that there was no higher up or "Old Man" who engineered the plot as Floyd Carr had first declared. A thorough search of the Central Station identification bureau, where every convicted crook in the United States is completely catalogued, revealed no information of the past activities of the two abductors. Though the Carr cousins told the police they had conducted kidnapping plots in other cities, telegrams from the cities mentioned stated no such crimes had been committed there. The police say this was their first job, shown by their many mistakes.

Floyd Carr, before moving to the secluded mountain cabin at Santa Ana Canyon, lived in Pasadena at 224 Pepper street. Mrs. M. F. Payson, in whose home he resided, stated yesterday that she had heard Carr mention Mr. Witherell in the past and that she had thought they were on friendly terms.

Mrs. Payson was the only visitor the Carr kidnappers were permitted to see at the County Jail yesterday. She said Floyd Carr was a part owner of a Pasadena garage and that he was formerly in the chicken business on the outskirts of the city. Arthur Reno, a grocer at 1820 Lincoln avenue, said he saw Carr working in the garden at the Payson home Sunday afternoon, the day before his arrest.

Floyd Carr has been separated from his wife for many years. She now resides with her daughter in Bellingham, Wash. A son, Milton Carr, 16 years old, lived with his father in Pasadena and is now a student at the Pasadena High School.

The capture of the Carr cousins by the combined forces of police detectives and deputy sheriffs ended a feud of many years' standing that has existed between the police department and the Sheriff's office.

Though in the past these two departments had repeatedly refused to co-operate with each other in big crime investigations, deputy sheriffs and police detectives worked side by side in complete harmony during the Witherell kidnapping investigation, and a pledge was made by the two rival agencies to continue the harmonious work in the future.

Wall Paper Store Moves. Waller's wall paper and paint store will be located at 214 South Main street, March 1.

## An Open Letter to Mr. L. E. Behymer

Dear Mr. Behymer:

I cannot resist writing to tell you how we enjoyed your Philharmonic concert at the Auditorium a few weeks ago. Your orchestra is wonderful, and the talent you have gathered is a real galaxy of stars. I am almost at a loss to know whom to compliment most, you or Mr. Newmark, the coffee man.

We have had a rare treat in discovering Newmark's coffee, which we enjoy morning, noon and night more than any coffee we have ever had in our home.

I hope you, too, are enjoying this delicious coffee.

Sincerely,

Pauline Stone
